PRICE FIVE CENTS

ALBERTA FARMERS WANT LAND PUBLIC OWNERSHIP

Free Speech and Police Rules Stir Toronto

POLICE BOARD OF TORONTO TO END SECRECY

Mayor Says Press to Attend While Commission Debates Free Speech Issue

68 University Professors Declare For Freedom of Meetings For Societies

Canadian Press
Toronto, Jan. 23.—Two notable changes in the attitude of the Toronto police commission regarding "free speech" and admission of the press to commission meetings were forecast to-day by Mayor William J. Stewart.

Formulation of a policy aiming at regulation of public halls and public meetings would be undertaken by the commission to-day, Mayor Stewart announced. Presentation by the mayor of a resolution defining procedure in the future and conferences with deputations from organizations interested in "free speech" will mark the second discussion of the controversy.

STUDENTS SUPPORT PROFESSORS

By a five to one vote students of the University of Toronto have upheld the recent action of sixty-eight members of the university faculty in issuing a public protest against the course pursued up to the present by the police commission in the matter of free speech. Undergraduates to the number of 1,799 signed ballots in the poll taken by "varsity," the undergraduate newspaper, on the question. The professors' protest was supported by 1,491 students, while 308 voted disapproval. No statement has been issued by the board of governors of the university on their meeting yesterday evening, when the action of the professors was discussed. It has been pointed out by the professors signed the letter of protest as private citizens and not as members of the university faculty.

PERMITS WITHHELD

The present free speech agitation opened as the result of the police refusal to grant permits for public meetings to various organizations. Yesterday the board of police commissioners (concluded on Page 2)

BANK OF BRAZIL GETS BIG LOAN

London, Jan. 23.—A loan of about \$32,500,000 for thirteen months has been arranged by the Rothschilds for the Bank of Brazil under a guarantee by the Brazilian Government. This is part of a plan for reorganization of Brazil's finances under the direction of Sir Otto Niemeyer, a German banker, at the end of this month.

CALGARY BREWERS DROP PLAN TO OPERATE HERE

Political Complication and B.C. Brewers' Influence Blamed

Associated Breweries Claim Cards Were Stacked Against Them From Start

British Columbia beer policy, awaiting a decision for several weeks, was to-day virtually settled for the government by the voluntary withdrawal of the Associated Brewers' offer to establish a brewery in Vancouver.

This action is expected to lead to a decision by the government to import beer from outside the province, as this is now the only course left open to break the brewers' monopoly alleged to exist in this province.

"If the government wants us to establish a brewery in British Columbia, it will have to take the initiative in reopening negotiations," said a spokesman for Associated Breweries. "We put our proposition to the government in good faith and expected a prompt decision."

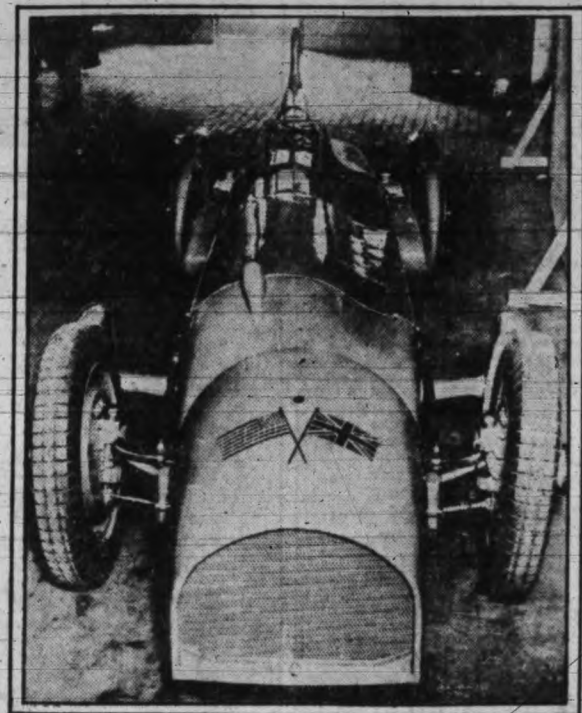

INFLUENCE TOO STRONG

"We are unable to wait any longer. This matter appears to have given rise to political complications that we had not contemplated, and we do not care to be involved in them. We wanted the matter to be settled as a business proposition, but found the cards were stacked against us from the first. The influence of the proprietors of breweries to-day operating in British Columbia was too strong for us."

The government announced some time ago that it was determined to break the beer combine, and that this might be done either by authorizing establishment of a brewery in British Columbia, or by importing beer from outside. The first of these courses has now been eliminated.

Associated Breweries, with head office in Calgary, is one of the largest companies of its kind in Canada. Its proposal was to spend \$500,000 on a brewery plant in Vancouver.

TIRES TESTED TO CARRY AUTO 300 MILES AN HOUR

BLUEBIRD II

New York, Jan. 23.—Captain Malcolm Campbell, soft-spoken British racing driver, and his slim, stream-lined machine, named after the bluebird but more powerful than a thousand horses, were in New York to-day, scheduled soon to make an assault on the world automobile speed record.

Some time after February 1 Captain Campbell plans to hurt his blue bullet along the sands of Daytona Beach, Florida, at a speed he hopes will take him over a measured mile in less than fifteen seconds.

The 1,450-horsepower harnessed in the motor of his Bluebird II must carry him past the mile markers twice at that speed if he is to break the record of 231 miles an hour set on the same course in 1929 by the late Sir Henry Segrave, fellow Englishman.

TESTS NEEDED
"I really do not know what my machine will do," Captain Campbell said. "I have had no opportunity to test it. The margin is so small no one can say he is going to break a record. The difference between the late Sir Henry Segrave's record of 231 miles an hour and 240 is only two-fifths of a second. That is not very much, you know. No, I would not want to say what my Bluebird will do."

And then he added:
"My tires are tested for 300 miles an hour."

Capt. Campbell landed in the United States yesterday when he brought his car ashore here from a liner.

JANUARY STILL BELOW MONTH'S RAIN AVERAGE

Despite Heavy Precipitation During Last Two Days 1.44 Inches Needed For Average

Despite the fairly heavy rain which fell here during the last two days, January had still 1.44 inches to make up during the next eight days to equal the average for the month. It was announced by F. Napier Denison, of the Gonzales Hill Observatory, to-day. To date the precipitation stands at 2.85 inches.

Up to noon 1.26 inches had fallen consecutively during the previous forty-eight hours, he said. At 5 o'clock yesterday evening the precipitation for the day stood at .44 of an inch. From that time until noon to-day .82 of an inch had fallen.

While fairly heavy, the precipitation was by no means a record, Mr. Denison stated, noting that Victoria had had as much as two inches in twenty-four hours.

The rain was just another feature of the great storm which swept over the Pacific Coast from California to the Yukon, the weather man said, noting that the southern states had all been drenched yesterday.

SOIL NEEDS MORE MOISTURE

But although the fall appeared particularly great to pedestrians, who were soaked in it yesterday evening, it was not sufficient to make any material difference in ground conditions. While the surface earth was well supplied with moisture, the subsoil was quite dry, Mr. Denison said. He predicted a (concluded on Page 2)

WIDE REGRET AT DEATH OF MME. PAVLOVA

Flood of Messages Reaches Hague; Body of Dancer to Be Buried in London

Funeral Service Held To-day in Russian Church in Holland's Capital City

London, Jan. 23.—The body of Anna Pavlova will be buried in London. Mme. Pavlova, considered the world's greatest ballerina, died this morning at The Hague, Holland.

The famous dancer had maintained her home, Ivy House, in North London for the last fifteen years. The garden is one of the most beautiful in the city, with a large pond and aviary. Swans, flamingoes and flocks of pigeons were her favorite pets.

FLOOD OF MESSAGES

The Hague, Jan. 23.—Telegrams of condolence were arriving here to-day from all parts of the world following the death early this morning of Mme. Anna Pavlova.

The body of the world-famous dancer, accompanied by members of her family, was taken to-day from the hotel where she died to the Roman Catholic hospital. A funeral service was held at the Russian church, her family, many friends and members of the Russian colony attending.

RUSSIAN SHIP IN ATLANTIC CALLS FOR AID

Ss. Iakovlevslov Drifts With Engines Disabled 250 Miles West of British Isles

New York, Jan. 23.—The Radio Marine Corporation received a radio message here early to-day from the liner President Harding, via its station at Chatham, Mass., saying the Russian vessel Iakovlevslov was in distress about 250 miles west of the British Isles and required immediate assistance.

"Drifting ashore with engines helpless," the message said. "Request immediate help from ships in vicinity. Position 57° north and 7° west. Time 3.45 Greenwich" (7.45 yesterday evening Victoria time).

Valuable Raw Silk Cargo to Be Left Here From Empress

While the Canadian Pacific liner Empress of Russia is in port here tomorrow morning from the Orient she will discharge 5,000 bales of raw silk, valued at approximately \$4,500,000, according to word received here this afternoon from Vancouver. This valuable shipment, one of the largest ever to arrive in this country, will remain overnight at the Rithet piers and on Sunday morning will be loaded aboard the liner Ruhl Alexander, for San Francisco, from which port it will be shipped through the Panama Canal to New York.

The Russia is bringing in a total of 10,000 bales of raw silk, valued at nearly \$10,000,000. Half will be discharged at Vancouver. The liner also has 200 passengers.

How Amos 'n' Andy Prepare For Their Daily Radio Turn

Amos 'n' Andy, the two radio stars to whose daily doings millions listen, are revealed at rehearsal in a special article in the Magazine Section of the Victoria Times to-morrow.

Other features of the Saturday Magazine Section will include:

How George White, now a political leader, munched over the Chilkooot Pass in the Klondike gold rush of '98 and made his stake.

Huge floating airport now under construction as the first link in a proposed chain across the Atlantic.

Old King John D. Rockefeller jolly and healthy in his ninety-first year. Connell tells how plants awaken to life.

Togo, dead hero of the race to Nome, takes his place in a museum. Nixon Creek at Cowichan Lake is a busy camp.

Illustrated lesson in how to dance the Agua Caliente as a waltz or a fox trot.

George McManus gives another lesson in how to draw comics like his "Bringing Up Father."

A full page short story.

A page of new fashion ideas for women.

Regular weekly illustrated page for the children: Books of the day and comment.

A page of special dispatches from across the Atlantic.

And the four-page colored comic section.

MINISTER HENRY AT OTTAWA SOON

Paris, Jan. 23.—Charles Arsene Henry, new French Minister to Canada, and Madame Henry plan to leave for Ottawa at the end of February. Both are descendants of old families with distinguished records in the diplomatic history of France.

BIG PLEASURE PIER PLANNED AT VANCOUVER

Parks Board Now Considering Scheme to Build Structure at English Bay

Pier 950 Feet Long, With Two Decks, Is Suggested; May Be Ready For Summer

Canadian Press

Vancouver, Jan. 23.—Proposal to build a \$500,000 modern pleasure pier on the site of the present Wintergarden at English Bay, following closely general lines of Great Britain's best seaside resorts, will be considered at a special meeting of the parks board next week. Present plans are that the pier will be completed for use this summer.

T. H. Balick, an architect and engineer who has constructed similar piers in California, is originator of the scheme. Attached to his offer are particulars of his work in Great Britain, Australia, Africa, India, Russia, France, Germany and other countries.

The board has received telegraphic advice of his ability for this class of work from concerns for which he carried through undertakings in the south.

Plans call for a pier 950 feet in length with top and lower decks each containing 170,000 square feet. The top deck to be used for entertainment of the public and the other for parking automobiles, with a capacity equal to 3½ miles of street curb space.

More than half the top deck area, according to plans presented, would be completely glassed in and heated for year-round use. The glass and heated area would include a band court, with seating promenade and capacity for 2,500 persons all under an amber glass dome, a spacious palm court, a winter garden with a glass roof and sides, tropical cafe, recreation hall and promenade, a ballroom, auditorium of perfect acoustics, to accommodate 4,000 persons. The last-named would be equipped with sound-amplifying system.

GANDHI'S TERM IN INDIA JAIL COMES TO END

Country Momentarily Expects Announcement Nationalist Leader Again Has Freedom

New Delhi, India, Jan. 23.—Lord Irwin, Viceroy of India, it was understood here to-day, already had made a special train and automobile, imprisoned Nationalist leader. Only the details of his removal from Yeroda Prison, Poona, so as to avoid a public demonstration, remained to be arranged.

The Mahatma was arrested last May 4, more than a month after he had led a group of All-India National Congress volunteers from Allahabad down to the sea at Dandi, where they manufactured salt in defiance of the law.

He had hoped for arrest early in March, believing his incarceration would align divergent Indian elements behind him in the present war for Indian independence, and for many weeks the government arrested his aides, but left him scrupulously alone.

MUCH FREEDOM IN JAIL

Police finally awakened him in the middle of the night at a camp near the seashore and escorted him aboard a special train and automobile to especially prepared quarters in the Yeroda Prison, Poona, where he has remained since, more an internee than a prisoner.

Many of his followers had hoped one of the results of the Round-Table Conference just ended in London would be release of him and other political prisoners. In his closing address Premier MacDonald promised that when peace and calm were restored political prisoners would be freed.

The government of India has been described as anxious to give the famous Nationalist leader an opportunity to confer with his colleague on the possibility of a peace in the country, based on the declaration made to the Round-Table Conference. At its closing session by Premier MacDonald.

MAY RETIRE FROM ONTARIO CABINET

Charles McCrea, Ontario Minister of Mines, of a directorship in a local trust corporation is taken in many circles as foreshadowing his retirement from the provincial cabinet, according to The Toronto Mail and Empire.

HON. CHARLES MCCREA

Toronto, Jan. 23.—Acceptance by Hon. Charles McCrea, Ontario Minister of Mines, of a directorship in a local trust corporation is taken in many circles as foreshadowing his retirement from the provincial cabinet, according to The Toronto Mail and Empire.

NEW BOOK OF PRAYER SAID TO BE BARRED

Two Leading Barristers Give Opinion After Studying Anglican Church Position

Use of Revised Book By Clergy Declared Offence Against Uniformity Act

By Thomas T. Champion

Canadian Press Staff Writer

London, Jan. 23.—The action of the archbishops in sanctioning and directing the use in the Church of England of the Revised Book of Common Prayer "is neither constitutional nor legal," states Sir Leslie Scott, K.C., and Wilfrid Lewis, before whom the case was laid by the National Church League.

Sir Leslie Scott is a former Solicitor-General of Great Britain, and Mr. Lewis is an outstanding legal authority. They were asked by the league for an opinion on the legal aspects of the new prayerbook which has been twice rejected in Parliament.

BREACH OF DUTIES

They also declared to-day the action of the upper house of the Convocation of Canterbury in passing the Archbishop of Canterbury's resolution of July, 1929, was "unconstitutional, ultra vires, a nullity having no legal operation, and a breach of the statutory duties imposed by law on the clergy of the Church of England."

This resolution, sponsored by the late Lord Davidson when archbishop, carried by twenty-three votes to four and authorized the use of the 1928 prayerbook. Subsequently the archbishop permitted the use of some of the forms and orders of service in the revised prayerbook, subject to certain conditions.

The use by clergy of the Anglican Church of the 1928 prayerbook is "an offence against the Act of Uniformity and a violation of the declaration of assent required by the Clerical Subscription Act of 1865," the legal experts further stated. The clergy are entitled to disregard any directions from the bishops permitting the use of the revised book which differ from the former book, and the laity cannot be subject to ecclesiastical censure for non-attendance at divine worship at which the "illegal" service is performed, they stated.

But every layman, it is pointed out, has the statutory right to hear the divine service performed in church in accordance with the forms required by law.

THREE YOUTHS ON ONE PAIR OF SKIS ON LONG JOURNEY

Cobalt, Ont., Jan. 23.—Three North Cobalt youths who believe they can travel to Toronto in ten days on one set of skis will start out for the city along the Ferguson Highway next Monday.

The trio, James McAlay, Kenneth Kearney and W. A. Houghton, with a pair of skis, eighteen feet in length, made specially for the trip, have been practicing together on roads in this district. They can make from three to six miles an hour according to road conditions.

ALL LANDS ON LEASE IS PLAN OF ALBERTANS

United Farmers of Alberta, in Convention at Calgary, Declare Recent Months Have Proved Private Ownership of Land Not in Best Interests of People; Urge State Go No Farther Than to Give Leases on Natural Resources.

BENNETT SOON IS TO VISIT WASHINGTON

Premier to Go From Ottawa Toward End of Next Week, It Is Stated

Expected He and Hoover Will Discuss St. Lawrence Waterways Project

Canadian Press

Ottawa, Jan. 23.—It was announced at the Prime Minister's office here to-day that Mr. Bennett expected to leave for Washington toward the end of next week, for the purpose of visiting the Canadian Legation.

While in Washington the Prime Minister will make courtesy visits to the White House, the Secretary of State and the British Embassy.

It is generally assumed the St. Lawrence project will be the subject of discussion between President Hoover and Mr. Bennett.

BIG INFLUENZA WAVE IN SPAIN

Madrid, Jan. 23.—Practically all of Spain has come into the grip of the influenza epidemic. While the mortality rate is not high, a considerable number of people are being kept away from work.

In Valladolid there are many people slightly ill with the disease. Cartagena hospitals are full of influenza sufferers. At Bilbao a large number of the civil guards have been attacked. Some estimates of the number of those ill run as high as forty per cent of the population of Spain.

COMMITTEE ON REFERENDUM IS ORGANIZED HERE

Plans Laid This Morning to Circulate Petition on Police Commission Question

Formation of an organization to undertake the circulation of a petition for a referendum on the question of the police commission personnel was commenced at a meeting of citizens this morning in the office of Moore and Wilson, barristers, Central Building.

H. W. R. Moore was named chairman of a committee to organize the work of circulating the petition, which would ask for a referendum on changing from the present system of two elected police commissioners to that already suggested of the senior county court judge, the mayor and one commissioner elected annually.

A second meeting of the group will be held next Monday morning, when plans will be made for canvassing the city, and it is expected, arrangements completed for placing petitions in various stores and business houses where they may be available to the public.

CAUTION ON CURRENCY

In his address yesterday evening Premier Bennett warned against hasty steps for currency alteration.

The governments in Canada could not allow agriculture to be destroyed, said Mr. Brownlee. Canada could not live unless agriculture lived. He advised the agrarians, however, to consider whether it was worth while to continue farming and how. It required only small reduction of acreage and a correspondingly small world increase of world consumption to wipe out the huge area of overproduction, he said.

"What about secession?" asked the Premier. "The difficulty in the west is that we have too much wheat. Would you sell it under secession? Where? And what would you sell it for?" He stated that in some parts of the province propagandists were urging all the good things in the Russian system, and he questioned that their advice should be followed. He told his audience they could have in Alberta anything seen now in Russia, if they deemed it best, by the simple expedient of their vote.

U.B.C. GIRLS ARE TO DECIDE IF THEY WILL SMOKE ON CAMPUS

problem by suggesting one of the girls' two common rooms be used as a smoking room and that the co-eds be prohibited from smoking elsewhere on the campus.

Student opinion as expressed in The Ubcay, university newspaper, is in favor of settling the issue immediately.

Two years ago the Women's Undergraduate Society issued an edict to the effect that co-eds should not smoke within the university. This is now being protested. A special meeting of the women will be held February 4 to discuss the matter, but in the meantime The Ubcay is giving the subject much publicity, both editorially and in its news columns. Outside opinion will be canvassed and the matter will be thoroughly thrashed out from all angles.

FARMERS OF ALBERTA VETO SECESSION

Calgary, Jan. 23.—Plan for setting up of constitutional free economy between Port Arthur and the Rocky Mountains—economic secession for the prairies—was turned down by an overwhelming vote by the United Farmers of Alberta here this afternoon at their annual convention.

The convention followed closely on the lead accorded by Premier J. E. Brownlee yesterday evening when he warned the delegates against too hasty approval of radical moves.

The stand is diametrically opposed to the position of Alberta Wheat Pool delegates, who favored making the three prairie provinces a free trade area.

Alfred Speakman, M.P. for Red Deer, opposed the plan to-day, saying: "It is detrimental to our organization, detrimental to the prairie provinces, and suicidal to our shock troops—the U.F.A. members at Ottawa."

CAUTION ON CURRENCY

In his address yesterday evening Premier Bennett warned against hasty steps for currency alteration.

The governments in Canada could not allow agriculture to be destroyed, said Mr. Brownlee. Canada could not live unless agriculture lived. He advised the agrarians, however, to consider whether it was worth while to continue farming and how. It required only small reduction of acreage and a correspondingly small world increase of world consumption to wipe out the huge area of overproduction, he said.

"What about secession?" asked the Premier. "The difficulty in the west is that we have too much wheat. Would you sell it under secession? Where? And what would you sell it for?" He stated that in some parts of the province propagandists were urging all the good things in the Russian system, and he questioned that their advice should be followed. He told his audience they could have in Alberta anything seen now in Russia, if they deemed it best, by the simple expedient of their vote.

Two years ago the Women's Undergraduate Society issued an edict to the effect that co-eds should not smoke within the university. This is now being protested. A special meeting of the women will be held February 4 to discuss the matter, but in the meantime The Ubcay is giving the subject much publicity, both editorially and in its news columns. Outside opinion will be canvassed and the matter will be thoroughly thrashed out from all angles.

Guests included Mrs. Floyd Byles, Don McCall, Mrs. J. A. McMillan, A. H. West, Mrs. Gordon Campbell, and Dawson Turner.

Richard Larson, accompanied by daughter Maria, left on Tuesday enroute where they will spend next three weeks.

Under the auspices of the Fort Alameda Legion, a special parade will be held on Monday evening January 26, at the Community at 8 o'clock for the purpose of paying Comrade Tom Barnard, first president Provincial Canadian Legion Comrade and Comrade B. C. McMillan, the Provincial Secretary of the Provincial

INFLUENZA IN U.S.

Washington, Jan. 23.—Influenza cases totaling 3,867 were reported yesterday from forty-four states to the public health service of the United States.

Since only physicians' reports are given, public health service experts estimated the disease about five times as prevalent as reported. Last week's total was 2,687.

For the week corresponding to this one last year the number was 2,376.

BUTTER EXPORTS

Halifax, N.S., Jan. 23.—Within two years Canada should be exporting butter to the British market, E. M. Robinson, president of the National Dairy Council, told the Dairywomen's Association of Nova Scotia at its annual banquet here yesterday evening. Mr. Robinson emphasized the importance of developing a uniform creamery grading system for all Canada, and creation of a national trade mark for Canadian butter.

NEW STUDY OF IMMIGRATION FROM ORIENT

Canadian Chamber of Commerce Suggests Ottawa Carry Out Survey

Ottawa, Jan. 23.—A recommendation that an up-to-date government survey of the regulations governing the entrance into Canada of genuine Oriental students, bona fide merchants and tourists be undertaken, with the end in view of determining if there are any revisions which can be advantageously made in the mutual interest of the friendly relations between Canada and Japan, was embodied in the report of the Canadian Chamber of Commerce trade mission which visited the Orient.

The mission was headed by John M. Lewis of Edmonton and its report was formally presented to the Federal Cabinet yesterday when the executive council of the Canadian Chamber of Commerce made its annual visit to Parliament Hill.

The report noted that in China there was some manifestation of regret in respect to Canadian immigration laws as applied to Orientals. In the interest of improved trade relations, a review of immigration laws might be beneficial, it was stated.

COMMUNICATION COSTS

Other recommendations of direct governmental interest were made as follows:

In view of the high costs of cable charges between the Orient and Canada, which costs are recognized as a commercial handicap, it would seem advisable for the Canadian Government to explore the possibilities of lowering communication costs with, perhaps, a further inquiry into the practicability of some form of wireless telephony between the Far East and Canada.

It would seem the Department of National Revenue and Trade and Commerce could advantageously analyze the indirect shipments of the Orient to Canada with the end in view of deferring more direct purchases to the Orient, thereby tending to lessen Japanese and Chinese unfavorable trade balances with Canada.

TRADE COMMISSIONERS

The Canadian Government would be well advised were it to strengthen and extend the trade commissioner service in the Far East, and more particularly in North China, where at present there are no officers of this useful arm of the public service.

In view of the many British and European families which annually, after completing years of official or business service in the Far East, are leaving the Orient and seeking new homes, it is felt more intensive steps could be taken by the present government and Canadian transportation offices in Japan and China to try to secure more of these desirable citizens for Canada, thereby enlarging the basis of mutual understanding and friendship between Canada and the trans-Pacific countries.

Premier Bennett, replying to the delegation, said the Federal Government must work in co-operation with the provinces on the construction of a national highway.

PEACE RIVER RAILWAY

With respect to a resolution advocating traffic development of the Peace River country, Mr. Bennett said that no matter how strong and vigorous were the railway policies of the country, they could only be given effect to with money, and he drew attention to the financial obligations with which Canada is confronted with the maturing obligations of more than \$1,000,000,000 and the decreasing revenues. These were important factors in the development of the country, he said.

FUEL PROBLEM

Mr. Bennett also replied to the chamber's resolution on a national fuel policy. The working out of a national fuel policy was an easier matter on paper than in actual practice, said the Prime Minister. His own view was that the fuel problem would probably be solved by chemists and scientists. Canada's problem was largely one of distance. This was illustrated by the fact that, even though there were great coal deposits in Nova Scotia and Alberta, approximately 4,000,000 tons were imported each year.

ARREST MADE IN MURDER MYSTERY

Mike Sowry, Alberta Workman, to Face Charge on Babchuck Killing

Mike Sowry, a workman at Hythe, Alberta, was arrested yesterday by Provincial Police on a charge of complicity in the murder of Joe Babchuck and his bride at North Pine River, B.C. several months ago, police headquarters here were informed.

Sowry was taken into custody by Inspector W. E. Spiller and Sergeant MacBrain, who have been at work on the case since the discovery of the double tragedy in a lonely cabin of North Pine River, B.C. He will be brought to B.C. to face the charge, it was stated.

Mr. and Mrs. Joe Babchuck were shot to death without a chance of defence, according to reconstruction of the crime by police officers. The killer crept up to the lone cabin and shot through the boards, killing one of the pair. The other started for the door but was shot down without a chance.

ROAD COPS MAY BE "BERTIES"

By THOMAS T. CHAMPION
Canadian Press Staff Writer

London, Jan. 23.—To the Jack Tar, Tommies and Bobbies may be added the "Berties."

National Safety First Council yesterday suggested the new mobile police patrols which have been organized under the Road Traffic Act should be designated as "Berties," as a compliment to Herbert S. Morrison, Minister of Transport.

It is doubtful whether "Berties" would prove a happy choice. "Bertie" has become something of an alternative for "Johnnie" the fellow who wears spats and a monocle and says "Brah Jove."

WOULD END ALL APPEALS TO THE PRIVY COUNCIL

Labor Congress of Canada Also Asks Cadet Training Be Stopped

Ottawa, Jan. 23.—Abolition of appeals to the Privy Council in London, with the Supreme Court of Canada to be made the last court of appeal for Canadians, was urged by the delegation from the Trades and Labor Congress of Canada, which yesterday laid that body's requests for legislation at the coming session of parliament before the Cabinet here.

In reply Premier Bennett said parliament at the present time had not the right to take away from the provinces or any litigant the right of appeal to the Privy Council in London. That would involve an amendment of the B.N.A. Act, and any such amendment would have to be preceded by a conference between the Dominion and the provinces.

Any steps taken to give full power to the Postmaster-General to deal with salaries and conditions of letter carriers "without undue restriction by the Civil Service Commission" would probably produce considerable dissent, the Premier thought, replying to another suggestion of the delegation.

Prison reforms mentioned by the delegation the Prime Minister thought had been acted on in some respects.

CADET TRAINING

The delegation expressed labor's view that all money grants for cadet training in schools should be abolished and grants for non-military physical training should be substituted. "The matter of cadet training," Premier Bennett said, would be discussed in council, but there was no endeavor to permit anything of a military nature. Cadet training, he believed, was far removed from militarism.

The delegation suggested amendment of the Bankruptcy Act to give wage claims priority over other creditors.

IMMIGRATION FIELD

Regarding immigration, the labor delegation urged continued restriction of immigration to only such immigrants as can be properly absorbed, and setting up of an advisory board for the Immigration Department, such board to include not only representatives of each province, but also those of industry, labor and agriculture. "In order that national policies on colonization and immigration may be evolved to meet circumstances as they exist from time to time."

U.S. URGED TO END ITS MANY SPEAKEASIES

Canadian Press

San Francisco, Jan. 23.—Kenneth Macdonald of Seattle, one of the five members of the Wickersham Commission who recommended further trial and strict enforcement of prohibition in the United States, believes a change in the dry law is inevitable because of industry, labor and agriculture. "In order that national policies on colonization and immigration may be evolved to meet circumstances as they exist from time to time."

"Prohibition put the saloons out of business," he said. "We may now look for something that will eradicate bootlegging and its attendant evils. The home, whether wet or dry when the law went into effect, now demands something to be done to keep the young people away from the speakeasies."

"It is too easy to make alcohol. Almost anyone can afford to set up a small still in his cellar. And as for the taste of the stuff, there are very few left who can really discern the difference. The new generation certainly cannot tell the old brands from overnight stuff. I should suppose they would be rather suspicious of the taste of the genuine product."

MAN KILLED AND CONSTABLE IS BADLY WOUNDED

Chicago, Jan. 23.—The Chicago Tribune to-day said Jules Arnsfeldt, New York confidence man, was being hunted by police and federal agents in connection with the faro game in which Mrs. Myrtle Tanner Blackledge, internal revenue collector for northern Illinois, said she had lost \$50,000 lent to her by Edward R. Litzinger, wealthy board of review member.

Suspicion, the paper said, was first directed against Arnsfeldt when the federal agents learned he had been seen in Chicago's loop district last Monday. It was on the preceding Saturday evening Mrs. Blackledge claimed she had won \$207,000 in a card game with three men at Springfield, Ill., which led her to seek \$50,000 as a loan from Litzinger as a cash guarantee for the faro banker.

The agents, it added, found Arnsfeldt's description tallied almost exactly with that of one of the three men, whose name was given by the Springfield police as George Parker.

TWO LOSE LIVES WHEN BOAT SINKS

San Diego, Cal., Jan. 23.—Two men are believed to have drowned, while two others swam to shore safely late yesterday when their skiff capsized as they were attempting to land several hours after their fifty-foot fishing boat Massachusetts had blown up and sunk about eleven miles off Descanso Point, twenty-eight miles south of Tijuana, Lower California.

Capt. Frank E. Brown, owner of the boat, and his son-in-law, George P. Smith, were reported missing. The two who managed to fight their way through the heavy surf are Anthony and Joseph Brown, twenty-one and twenty-two years old, respectively. Both sons of Capt. Brown.

An overheated exhaust pipe was regarded by Joseph Brown as a probable cause of the explosion.

TEXAS BANK ROBBED
Malakoff, Texas, Jan. 23.—Between \$6,000 and \$7,000 was stolen from the First National Bank of Malakoff yesterday evening by safe crackers whose identity remains unknown to-day. The robbers used acetylene torches to open the vault.

Piles Go Quick

Without Salves or Cutting
Thousands of Pile sufferers have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves or cutting remove the cause. Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Piles an internal medicine must be used to stimulate the circulation and strengthen the affected parts.

Dr. J. S. Leonhardt was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1,000 patients with the marvelous record of success in 980 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist with a rigid money-back guarantee.

Dr. Leonhardt's prescription has a wonderful record of success right in this city and McParlane and Vancouver Drug stores invite every Pile sufferer to try HEM-ROID and guarantee to refund the purchase price if it does not end all Pile misery. (Adv.)

RAIDING THE TREASURY

PREMIER BENNETT WAS UNUSUALLY candid for a government leader yesterday when he bluntly told a delegation from the Trades and Labor Congress of Canada that the Dominion this year was faced with a deficit of \$100,000,000 and that it would have to meet maturities of a billion dollars in 1934. No doubt he intended his statement to be a warning to the Canadian people that his government would be compelled by these conditions to exercise the most drastic economy in administration, and that many of the demands upon the public treasury which were piling up at Ottawa would be ignored.

In recent years raiding government treasuries has become a growing habit in Canada. The impression has been abroad that this is the easiest way to get money for all kinds of things, and the capitals of the country are thronged with people representing a bewildering variety of interests urging expenditures in an equally bewildering variety of forms. Even governments prey upon one another in this great free-for-all. Those of the provinces make demands upon Ottawa, while the municipal administrations attack the provincial treasuries. It is not surprising, therefore, that the practice has become general and that there always is a swarm of people around government treasuries like a swarm of flies around a sugar-bowl.

Governments have themselves largely to blame for this condition. When they are careless or extravagant in expenditure they are simply inviting all and sundry to seat themselves at the banquet table. When they give special privileges to one class they invite all classes to try to get similar treatment. When they spend money unnecessarily in one constituency they promptly find themselves confronted with demands from other constituencies for the very same things.

There is no mystic spring from which money flows into government treasuries. These funds come from the people to whom they belong, and they are supposed to be expended in the public interest. As far as the money in the Ottawa treasury is concerned, its expenditure must be governed by public interest in a national sense. Public interest in a provincial sense is supposed to govern political expenditures, while public interest in a municipal aspect is presumed to govern the expenditures out of the municipal treasuries.

If in good times governments controlled expenditures with some of the caution they must exercise in times of depression, they would not find themselves confronted with hundred-million-dollar deficits. But they do not act that way. When trade is buoyant and revenues increase, extravagance becomes the order of the day and there is a perennial picnic about the public treasuries. We admit the difficulty of curbing expenditure in times of prosperity in the face of the general public's insistence upon it, whether it is justifiable or necessary or not, but there have been governments which have been known to sit on the treasury lid and even achieve some popularity in the process.

An unfortunate aspect of this tendency to run to governments every time anything is wanted is the injurious effect it has upon the public's initiative, resource and ability to make its own way. There is just as much room for the pioneer in 1931 as ever there was. And to the pioneer, whether he wrestles with Nature in the great uncultivated spaces, or plods along in the less hazardous paths of industry and commerce, recompense is assured. Had the men and women who laid the foundations upon which modern Canada has been built not trusted to their own resources, this country would not be occupying her present favorable position. Of late we have been suffering from too much hot-house treatment and government pap-feeding.

ALWAYS A DELICATE SUBJECT

AT THE ANNUAL GENERAL MEET-ing of Barclay's Bank Limited in London the other day, Mr. F. C. Goodenough, the chairman of the institution, said Great Britain by a "voluntary act of unparalleled generosity" gave up the sum of \$2,550,000,000 in war debts in 1922 when she advised her debtors that she would only collect what she had to pay to the United States—which action, he said, had enabled the debtor countries and their peoples to continue their economic existence.

"The same would happen in the case of the United States of America if she should cancel the war debts due to her, which amount to very nearly \$2,400,000,000," Mr. Goodenough said. "The gain to her as a great exporting country, through having solvent customers for her goods and through the increase of their purchasing power, would be immense. While Great Britain would not benefit directly from such a cancellation on the part of the United States, as she would pass along the cancellation to her own debtors, it would certainly pay as a purely business proposition, since all countries would immediately have a better purchasing power."

Undoubtedly there is a growing body of public opinion in the United States which realizes the truth of what Mr. Goodenough says. Distinguished British and American economists have expressed similar views. But public men in the neighboring republic often have to consider this whole question more from the political than from the economic standpoint. A candidate for Congress who declared himself a cancellationist would be taking his political life in his hands. At some future date, perhaps, the sheer weight of economic exigency may force the matter out of politics.

CAPTAIN CAMPBELL'S VENTURE

CAPTAIN MALCOLM CAMPBELL, THE only man living who has driven an automobile faster than 200 miles an hour, has arrived in the United States with the specific object of driving his specially-constructed machine more than 231 miles an hour—the record set up by Sir Henry Segrave, who lost his life last year.

The famous British racing driver made no promises to interviewers about the speed he hopes to attain on the hard sands of Daytona Beach. He did not commit himself beyond the statement that the tires of his car had been tested for 300 miles an hour.

Motorists and motor engineers, of course, will follow Captain Campbell's experimental runs with a good deal of interest, not only from the point of view of mechanical performance, but also from the point of view of human capacity to meet the strain which such experiments impose. The sporting instincts of most people naturally will be captivated.

Persons who are not especially concerned about the high lights of Captain Campbell's car's mechanism, or who have no desire to travel more than 200 miles an hour or even at half that speed, will wonder what sense there is in risking a good life in this way. Perhaps they will give it up and say something about it being really good for the race, after all, that the spirit of adventure will not down.

Meanwhile, we may hope that Captain Campbell will survive the ordeal, and take back to Great Britain a whole skin and a new palm for British engineering skill.

BROKER AND CUSTOMER

AS A CHANGE FROM THE PLEA THAT something should be done to protect the public in the matter of investments comes the suggestion from the financial columns of The New York Times that brokers need some protection from the "irresponsible action" of their clients. One trader thinks prospective customers should be required to answer a questionnaire reading something like this:

How much are you prepared to risk in the stock market?
What are your financial resources?
Do you do as your broker tells you?
Have you ever profited by your speculation?
Do you lose your temper when a stock which you buy, on the recommendation of your broker, disappoints you?
What other brokerage accounts do you maintain, and what is your debit balance in each?
What is your normal reaction to a margin call?

Answers to these inquiries no doubt would vary considerably; but if those who are in the habit of "playing the market" would consider them carefully, they would probably cause themselves and their brokers less worry.

WHAT OTHER PAPERS SAY

BUILDING

The Christian Science Monitor

The foundation was being laid for a new thirty-five story office building. A fence had been erected around the plot, and the curious passers-by crowded in front of open spaces left for the entrance and exit of heavy trucks. Steam shovels, drills, and even dynamite, were being used. Peering at the workmen deep down in the excavation, one suddenly realized that several months had passed since work was first begun on that corner. And what had been accomplished? They had started out to erect a thirty-five story building, had been working day and night for months; and what did they have to show for their labor but a mammoth hole in the ground? The lowliest laborer, however, realized that much had been accomplished toward the erection of the new building because a considerable proportion of the work would be finished when the excavation and foundation were completed. From the pulling down of the old to the completion of the new every step is a part of the building process.

Mankind is constantly building. We may be tearing down the old or erecting the new structure; but we are building. It matters not whether it is a material structure, a business, a profession or career, a church, or a character. With our model clearly before us the work begins. Imperfection, false pleasures, selfishness, envy, insincerity, slander, hate, must be torn down. The digging of the excavation may require the dynamiting of the stubborn rocks of self-will, disobedience, false appetites or habits. But if we can look within our thinking and see there a greater likeness to the Master; if in our daily thoughts and deeds we are manifesting more of the Christ, this is greater cause for joy than physical building alone could ever give.

A THOUGHT

Be not forgetful to entertain strangers, for thereby some have entertained angels unawares.—Hebrews xiii. 2.
Like many other virtues, hospitality is practiced in its perfection by the poor. If the rich did their share how would the woes of the world be lightened.—Mrs. Kirkland.

Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES, JAN. 23, 1906

The inevitable aftermath of every disaster at sea has followed the loss of the steamer King David on the west coast of Vancouver Island, in the form of specific complaints against some of the officers of the vessel.

Chinese New Year, the period which Celestials throughout the world unite in celebrating, will be ushered in by local representatives of the Oriental kingdom with proper enthusiasm. Although the week of festivity does not open until after midnight, many were unable to restrain themselves and at intervals to-day the crackle of firecrackers and the boom of tom-toms could be heard from the direction of that section below Johnson Street, where is located Victoria's Chinatown.

That the general public are beginning to take an interest in the proceedings of the City Council is evident from the fact that there was a large gathering of ratepayers at the opening meeting of the year held last evening, it having been made clear that during the progress of the municipal campaign that there are to be no more secret meetings and that the public are entitled to the fullest information as to what takes place in the council chamber.

The Legislature met for a few minutes this afternoon. The failure of the government to supply business necessitated an adjournment at a very early hour.

Weather forecast—Victoria and vicinity: Easterly and southerly winds, chiefly cloudy and mild, with showers.

Loose Ends

A departing voter seeks advice here—and lets it—together with many sound views on politics—and a tribute of devotion to our own Councillor Wriggledown.

By H. B. W.

A GENTLEMAN in Saanich has been writing to the editor of this paper and through him asking me to solve the difficulties of Saanich politics. I appreciate the compliment, but why not ask me to solve something simple and easy for a beginning? Why not ask me to unravel the mystery of the universe and the meaning of life, before I turn to these larger matters? And in any case, I am unable to do so.

NOR DO I propose to reveal how I voted in Saanich, except to say that I drove six miles to the polling booth, only to find that my name was not on the regular printed voters' list, but had been appended, evidently with misgivings at the eleventh hour, in red ink, as if I were dangerous. Perhaps I was dangerous, not knowing one of the candidates from another. Still, I feel I cast a more intelligent ballot than most of the electors, for I was not influenced by personal prejudice nor hope of gain. I voted for a man who was called a fruit grower and another who claimed on the ballot to be a farmer, because fruit growers and farmers are apt to be good fellows (and very unlikely to get elected). And of course I voted for our dear old Councillor Wriggledown because I am confident he will put three loads of gravel on our road when he reads this. In this expectation I have no hesitation of publicly endorsing Councillor Wriggledown herewith.

BUT TO get back to the troubles of the gentleman who wrote to the editor and asked me what should be done. "Does a majority vote make something wrong, right?" he demands, and recalling that I recently deplored the old-fashioned art of thinking, he adds, "What remedy does H. B. W. prescribe?" The obvious thing seems to be to stop thinking, which may be difficult for this gentleman, but comes naturally to the majority of the electors. That, indeed, is what makes them the majority; for if they thought, they would instantly join us in the minority. No, my poor friend, a majority vote does not make anything right and was never intended to. It merely makes things more comfortable, temporarily, for the majority.

THIS IS no radical idea, for I find on the same page with this gentleman's letter a quotation from the great Latimer, who said: "Wherever you go, you find the same thing. The majority is right. If you have any doubt about that, ask any defeated candidate. Ask George Fudbury, who campaigned for weeks against Mr. Wriggledown (because the pound-by-law does not permit his cows to stray on the public highways) and now attributes Mr. Wriggledown's election to the fact that the public no longer studies these larger issues of political science."

MR. FUDBURY, indeed, has despaired of democracy, along with the defeated candidates and the gentleman who has written to the editor. They are discouraged too easily, for a simple change in our system will insure justice for all and wise decisions on every issue. Let the electors vote as at present, but let the candidates realize that the least votes be elected. By this means you will have complete democracy and will almost invariably elect the best man. This would be nice for the electors, but pretty hard on the best men, for the best men are never wanted in politics if, by some odd chance, they happen to get elected.

THESE ASPECTS of government are familiar to all who have studied politics at close range. But what does amaze even the hardened outside observer is not what the electors may do on election day, but the intriguing way they will behave the day after. Out in Saanich we may do extraordinary things like voting for Councillor Wriggledown on a programme of putting three loads of gravel on our road. But, having done so, and Councillor Wriggledown having filled his trust by putting three loads of gravel on our road, we don't attempt to scrap the whole machinery of democracy in order to get rid of Councillor Wriggledown altogether. In our rustic ignorance we like to think we are good sportsmen; and having elected Councillor Wriggledown and watched him do what we elected him to do, we are prepared to take our medicine, in the form of three loads of gravel or (more likely) in the form of no gravel at all. Having built a ship of government with great labor through the years and finding a little hole in its bottom, we try to plug it up. We don't try to sink the whole ship and ask someone across James Bay to send us a lifeboat. But then I suppose we are crude country people out here. We cannot be expected to understand the deeper, sophisticated ways of the great city on our southern boundaries.

MY CORRESPONDENT finally refers, in desperation to the recent advice of Lord Cecil that what the world needs is better cussing. This, he says, seems to offer no hope in the present situation, whatever the present situation may be (for I don't know yet whether my farmer and fruit grower were elected or not, since their names escape me). In this I think he despairs too much. A little artistic vituperation at

this point would probably be found a remarkable relief. Mr. Fudbury seems to find it so, for I have not seen him once since the election when he was not referring to Councillor Wriggledown in the most blasphemous fashion, and he seems to be much happier for it. That is the great advantage about democracy. Having elected a man, the voters are at liberty to cuss him, and there is no liberty to which they are so strenuously devoted. If they had to choose between the right to elect and the right to cuss the elected, I haven't the slightest doubt they would choose the latter. It is so refreshing, and now that cussing is standardized it is as easy as voting. It requires no mental effort.

Other People's Views

Letters addressed to the Editor and intended for publication are accepted on the understanding that the Editor reserves the right to shorten the length of the letter, to change the name and address of the writer, but not for publication of the letter without the signature of the writer, or to return the letter to the writer if it is not published.

SAANICH SCHOOL BY-LAW

To the Editor:—Will you "allow" me to add a word of appreciation for the good work done in the interests of the community as a whole by the Saanich Central Ratepayers' Association during the recent election, and to endorse the remarks of "ratepayer" in The Times of 21st commending the action of their able president, Mr. W. J. Lynn, in taking the platform and placing the issue so clearly before the people of Saanich?

A. FRASER,
Burnside Road, January 22, 1931.

SEAMEN'S INSTITUTE

To the Editor:—May I ask the good people of Victoria to help us by giving old magazines, papers and books for the sailors? Mr. and Mrs. Rodway of the Victoria Seamen's Institute, Superior Street, would be most grateful to you for your help. If not convenient to leave them at the Institute, our kind friends of the Victoria Wood and Coal Company, Broad Street, will receive and forward them.

ALICE THOMPSON,
Glenahiel Hotel, Victoria, B.C.

FRUIT MARKETING

To the Editor:—The Independent Growers' Association and the Independent Shippers' Association have been co-ordinating their plans for marketing the fruit crop and have reached definite conclusions, which are now being completed. The conclusions set forth by Mr. Sanford Evans, and which in their final form will be presented to the Independent Growers' Association Convention to be held in Kelowna on February 5 after the annual general meeting which takes place in Vernon on January 29. L. W. MAKOVSKI,
Secretary, Independent Growers' Association,
Vernon, B.C., January 20, 1931.

OUR SURE HELP

To the Editor:—On reading David Lloyd George's statement, "Italy and Russia are being gradually driven by the policy of France into co-operation with Germany. This regroupment of powers in Europe is fraught with danger to world peace." One is reminded of the words of our Lord: "Men's hearts failing them for fear, and for looking after those things which are coming on the earth."

Truly man knows not where to turn for help and indeed "vain is the help of man"; but see Psalms 115.
A noted editor of a financial paper writing recently stated "The great need at this time is a revival of religion." Praise God that Christ is the one solution of all our problems and difficulties—individually and nationally. And God has said: "Behold, a king shall reign in righteousness. That king is Jesus, who shall so come in like manner as He went into heaven." Acts 1. 11. May the church of God so awake to her duty and obey the Lord, Luke xiv. 49 and Acts 1. 4, and proclaim in the power of the spirit that "the coming of the Lord draweth nigh."

I. SMITH,
2319 Fernwood Road, City, January 22, 1931.

SALVATION ARMY'S THANKS

To the Editor:—Will you kindly convey our grateful thanks to those of your readers who so generously assisted us at Christmas, in our efforts to help the needy. Many kind friends remember us annually without solicitation, with donations of cash, also goods, clothing and toys, all welcome additions to the hampers of food sent out, particularly where there are little children in the home. We assure all who have either in the "Bazaar" or "Bazaar" or "Bazaar" that their money has, and is being used to the best advantage, the

EARLY VICTORIA RESIDENTS WERE VERY EXTRAVAGANT

In 1870 Used Ten Dollar Bills as Pipe-lighters and Washed Feet in Champagne

Prof. D. C. Harvey Speaks to University Extension Society on B.C. Sixty Years Ago

Victoria, as it was at the time of British Columbia's entry into Confederation supplies much interesting and humorous material for Professor Harvey's lecture before the University Extension Society yesterday evening at Victoria College, when the subject discussed was "British Columbia Sixty Years Ago."

"In 1872," said the speaker, "Victoria's population was not only less than 5,000; it was extraordinarily polyglot. Greeks, Jews, Italians, Yankees, Chinese, Australians, Scandinavians and Germans all displayed their trade signs on the streets. But in spite of this there was a decided spirit of good-will among the many races, practically all of which had been drawn here by the lure of gold."

LOFTY INDIFFERENCE TO MONEY
A contemporary observer called Victoria a poor man's paradise. Everyone rolled in wealth. The smallest coin was the bit, which was worth 10 in consistency given the double value of the ten-cent piece and the sixpence. There was no coin coming between the bit and the dollar bill. Anything that could not be bought for a bit was bought for a dollar, and no change was accepted. The Victorians had a lofty indifference to small profits. The wandering miners who visited the town left their pipes with ten-dollar bills and washed their feet in champagne.

But, this writer added, the inflated prosperity could not maintain itself. Money became scarce and the people of Victoria could not reconcile themselves to the new condition. The result was that "they still expected the good times to come again when men became rich without any effort." This, Professor Harvey added, showed the subordination of the trading spirit to the gambling spirit.

SOCIETY IN VICTORIA

The same writer had a good deal to say concerning society of the day. In Victoria, as everywhere else in British Columbia, the men outnumbered the women. Some of the single men had habits that branded them as black sheep from the domestic folk. The women were a serious question. It caused both a male exodus to California and intermarriage with the Indians. The outcome was the shipment of five hundred females from England, "respectable girls neither afraid nor ashamed to work as domestic laborers." The server was struck by the men he met in the streets of Victoria—people who had crossed the Andes, climbed Mount Blanc, fought in the Crimea, been to the Nile and Palestine and to the same school as the Prince of Wales. Social transpositions were common. The man who brought his serving maid from England to his home in Victoria, the men who ordered their valets on the police force and "serving" him for disorderly conduct. One of the greatest demands of the Victorian era was the demand for a competent companion goes on to remark that "society in the interior was very depraved." This was mainly due to the come and go nature of the life. Many adventures lived. Their motto, Professor Harvey said, was "eat, drink and be merry."

GET A WIFE

Much amusement was caused through the reading of the advice given to young British Columbia farmers by G. M. Sprout, the first Agent-General. "Get a wife; keep no spirit in the house; laugh at croakers; light on to your cash; don't be a miser; buy poor stock—a runt is dear at any price; feed your land, and it will feed you; do not buy one extra pig or barrow; pay as little as possible for seed; don't improve except slowly; don't make a lot of hands at first; only good farming pays; don't hunger for a big farm; give up Old Country notions; don't think you are very much wiser than your neighbors; make your house pretty with shrubs and flowers; go to church; work a little; be a good man; but be always about your place."

Sixty years ago there were only about ten people in the Okanagan Valley, but a start had been made. It was to be for a time the two largest industries of the place—cattle-raising and wheat-growing. Lytton was a small town, a possible second center, but it was a traveler for one thing. "Turtle soup out of a gold spoon," said he, "is mean fare compared to Kamloops beef."

Little attention was paid to religion, the speaker said. In Victoria the people were utilitarian; they took up sects according to their social standing.

VICTORIA BOYS BEST
There were in 1870 schools in twelve districts of the province, with a thirteen per cent low attendance at Langley and a seventy per cent high attendance at Victoria. In Victoria there was a marked struggle between the public school idea and the private school idea, with the latter having a slight advantage.

A contemporary report pointed out that British Columbia was not desirable for emigrants, that it was cramped through lack of capital, that it was isolated, and that the huge distances were a handicap. This report, said Professor Harvey, just about summed up the province as it was before it entered Confederation. There

relief work being extended as always, throughout the year. The mild winter has lessened the demand for fuel and food, but a quantity has been supplied, also a large number of warm garments. We are sure that the warm-hearted people of Victoria take pleasure in knowing that no one went cold or hungry at Christmas, whose needs were made known.

The following statement has been compiled by the Christmas Cheer Board: Hampers supplied to other families given groceries during December 23, destitute men given turkey supper on Boxing Day in Citadel 104, men given treat in Johnson Street Metropole 60, meals given away in December (including the 104 mentioned) 854, free beds supplied during December 310. The Citadel Band and the Mental Hospital and reformed programme, and also served a treat in the form of ice cream. They were kindly received by the superintendent and staff of the institution, and thanked for their visit.

SALVATION ARMY CHRISTMAS CHEER BOARD.
Rev. F. H. Thompson, Commandant (chairman); J. Sharp, Assistant (secretary).

The Weather

NEW COUNCIL OF OAK BAY HAS MEETING

Routine Matters Discussed; Committees Struck By Reeve For Coming Twelve Months

Assessment For 1931 Placed at \$11,453,161; Court of Revision to Sit Shortly

Routine business matters were discussed and committees exchanged at the first meeting of the Oak Bay Municipal Council held yesterday afternoon in the council chamber. There was one new member of the council at the meeting, Robert W. Mayhew, who was elected last Saturday to fill the place caused by the retirement of F. Barber Starkey.

Mr. Mayhew was congratulated by the Reeve and other members of the council on his victory, and was welcomed to the council. Richard Angus, who headed the poll, was also congratulated by the Reeve. Councillor Hew Paterson, the third member of the council, was absent from the meeting, being on a motor tour of California after an illness.

Reeve Hayward named his committees for the year. Councillor Mayhew was placed on the finance committee with Councillor Angus and Councillor A. D. Crease, who will again be chairman of this body. Councillor T. J. Goodlake was named chairman of the works committee in place of Councillor W. H. Mearns, who, however, will continue to serve with his group. Councillor Paterson will be the third member of the works committee.

Treasurer R. F. Blandy announced to the meeting that the total assessment for 1931 in the municipality has been placed at \$11,453,161. Last year it was placed at \$10,707,702. The tax rate for this year has not yet been fixed, nor have the estimates been placed. These important matters are now being arranged, and will be announced within the next six weeks. The tax rate can not be set until the Court of Revision has finished its labors.

It was announced at the Municipal Hall yesterday that the Court of Revision will sit for several days, commencing February 9. The court will again this year comprise the Reeve and the entire council.

A letter was read to yesterday's meeting from the Native Sons of Canada, signed by Reginald Hayward and R. H. Hiscok, asking the municipality for a grant of \$400 to go towards the celebration which the Native Sons plan for July 20 next to commemorate the sixtieth anniversary of the entry into Confederation of British Columbia. The request was left to the discretion of the finance committee, who will give a report to the council shortly.

A letter was also read from Herbert Carmichael, well-known Victoria resident, asking the Zoning Board for some suggestions for the ultimate development of a large lot on Beach Drive, on which he plans to build an apartment house in two or three years. There are several things in the way of building at the present on the lot by Mr. Carmichael hopes to gradually prepare the site for a high-class apartment house.

Other routine business, such as petitions from residents for the removal of trees, and other minor matters were discussed before the council adjourned.

ASSIZE COURT DATES SET

Criminal assizes will open in Victoria on March 2, 1931, as announced by Attorney-General R. H. Pooley. Dates for the other spring assizes throughout the Province are as follows:

Vancouver, Tuesday, March 3; criminal.

Nanaimo, Tuesday, April 7; criminal and civil.

Prince Rupert, Monday, May 4; criminal and civil.

Prince George, Monday, May 11; criminal and civil.

Nelson, Monday, May 11; criminal and civil.

Cranbrook, Monday, May 18; criminal and civil.

Fernie, Monday, May 25; civil.

New Westminster, Monday, June 1; criminal.

Kamloops, Monday, June 1; criminal and civil.

Revelstoke, Monday, June 15; criminal and civil.

Vernon, Monday, June 15; criminal and civil.

ANNA PAVLOVA, GREAT DANCER, DIES AT HAGUE

World-famous Ballerina Victim of Pleurisy Contracted After Train Wreck

Began Lessons in Native Russia Forty Years Ago; Secretly Wed

The Hague, Jan. 22.—Death today stilling forever the dainty, fragile form of Anna Pavlova, whose dancing stirred millions, civilized man and savage alike. She would have been forty-six years old January 31.

Pleurisy and influenza, contracted early this week after she had been held for hours by a railroad accident in a waiting train at Dijon, France, rang down the curtain on a life which for thirty-five years she had devoted to depicting in rhythmic movement the beauty she saw around her.

Death interrupted her plans to interpret for Occidentals what she had found of grace and beauty in a recent visit to Japan, China and other Asiatic countries. On completion of that project she intended to retire, fulfilling a promise she would leave the stage while in the prime of life.

Denounced by the Bolsheviks as the "Darling of Aristocracy," she died in virtual exile from Russia, in which country she was born, where she began her ballet lessons at the age of ten, and where she achieved her first success.

MARRIAGE LONG A SECRET

It was during her last visit to the United States and Canada in 1924 that she announced her marriage to Victor D'Andre, her accompanist, later revealing it had taken place seventeen years before. Other details of her private life she kept secret, with the plea the public regarded the artists as an illusion, and she preferred to remain so.

She was received everywhere with acclaim, in the capitals of Europe, in Canada and the United States, and in Maori and Zulu camps of New Zealand and Africa. She was considered the world's great ballerina, and ranked with Ellsler, Gisl and Taglioni of the early nineteenth century.

ABHORRED JAZZ

Although she departed from rigid classic forms for her conception of the ballet she criticized modern interpretations such as those of Isadora Duncan, and to-day jazz dancing. Her temperamental flights led to occasional quarrels with her entourage.

She maintained a home in Paris, and at Ivy House, Hampstead, England, and she kept seven-awake, her affection for which presumably was inspired by the swan-dance for which she was best known.

DANCE DEOR CZAR

Anna Pavlova first danced for royalty in 1901 when she was but sixteen years old. Barely out of the teens, she was attached to the Maryinsky Theatre in St. Petersburg, she appeared before Czar Nicholas in a command performance.

In the years to come she appeared before most of the crowned heads of Europe.

STARTED AT TEN

She was born in St. Petersburg, now Leningrad, January 31, 1885. Her father died when she was very young. When she was eight years old her mother took her to the Maryinsky Theatre to view a ballet and that so excited the child she wished to begin studying at once. She was not allowed to enter school until she was ten years old.

Her first appearance in London was in 1910 at the Palace Theatre with Michael Mordkin. She scored an immediate success in the "Butterflies," "Valse Caprice" and others, and was acclaimed in London as the sensation of the century. She went to Paris, scored a triumph there and then crossed the Atlantic to New York.

Her United States debut was made with Mordkin, March 1, 1910, in "Coppelia."

Her last appearance in Canada and the United States was in 1924-25.

WOMEN RESPOND TO APPEAL FOR FAREWELL GIFT

Victoria and Rural Districts Contribute \$261 to Lady Willingdon Fund

Women throughout British Columbia responded readily to the appeal made for a fund for the purchase of a farewell gift to Lady Willingdon on the eve of her departure for England. It was announced this morning by Miss Margaret Mackenzie and Mrs. S. F. Tolmie, joint conveners of the fund for this province, while Vancouver has yet to be heard from, Victoria and the other districts of the province contributed a total of \$261 to date, which will be forwarded to Miss Bennett to swell the tribute of Canadian womanhood to Her Excellency's work during her regime at Rideau Hall.

The sum subscribed through Victoria includes \$124.40 from the Women's Institutes and other women's organizations of Victoria and district, \$17.35 from the Girl Guides, and \$89.65 personal donations, the balance being made up by contributions placed in collecting boxes in The Times and Colonist offices and the banks.

The Pender Island Women's Institute was the first to respond to the appeal, while another isolated insti-

FILM STAR AND ACCUSED SECRETARY

Tears and recriminations marked the scene in a Los Angeles courtroom when Clara Bow, movie star, took the witness stand to testify in the trial of her former secretary, Daisy de Bow, who is charged with embezzling from Miss Bow.

This shows Miss Bow, her face bandaged because of a recently removed cyst, on the witness stand as she identified the expensive coats bought by her secretary; inset is Miss de Bow, whose fate is in the hands of the jury.

Mr. T. Pawcett of Winnipeg, head of the "department" of the C.P.B., has returned to the mainland en route to his home in Manitoba after spending a few days in Victoria as a guest at the Empress Hotel.

Mr. W. E. G. McLaughlin, manager of the Sun Life Assurance Company of Canada, Victoria, has returned to Victoria from a trip to eastern Canada, where he visited in Toronto and Montreal and in Chicago en route home.

Major Sydney Johnston of Prince Rupert will arrive in Victoria at the week-end to join Mrs. Johnston, who has been spending the last few weeks here as the guest of her mother, Mrs. J. Kingham, Dallas Road.

Mr. and Mrs. Goldie Stuart of Calgary, who are spending the winter months in Victoria resident on Newport Avenue, Oak Bay, entertained with a few tables of bridge on Wednesday evening.

Mrs. Arthur Springett of Montreal, who has been visiting Miss Kate Galt, and will leave tomorrow for her home in Montreal, was the guest of honor at a small tea given by Mrs. L. de S. Duke yesterday afternoon at her home, Mountjoy Avenue.

Mrs. Selden Humphreys and her children have returned to Beverly Hills after spending a few days in Victoria, and will make their future home in the California city. Mrs. Maurice Wingfield and Miss Ines Bodwell accompanied them as far as Seattle.

Mrs. C. W. Rhodes, Terrace Avenue, who has been spending the last few weeks in California, returned to Victoria this afternoon. Mrs. Rhodes, accompanied by her daughter, Miss Ethel Rhodes of Seattle, motored south to spend the Christmas and New Year seasons in California with friends.

Mrs. Nelson Gibson entertained this afternoon at her home on Esquimalt Road with three tables of bridge when her guests included Mrs. J. Sutherland Brown, Mrs. W. C. Thackray, Mrs. G. D. Edwards, Mrs. Victor Tremaine, Mrs. Gordon Campbell, Mrs. E. Bosk, Mrs. W. G. Colquhoun, Mrs. J. L. Parsons, Mrs. L. A. Austen-Leigh, Mrs. Jack Rithet, Mrs. T. McPherson and Mrs. C. E. Wilson.

Mrs. W. A. Cameron, 1802 Belmont Avenue, entertained at bridge last evening in honor of Miss Peggy Ditchburn, a February bride-elect. The party included Mrs. W. E. Ditchburn, Mrs. Don Cameron, Mrs. S. W. Peel, Mrs. E. W. Hetherington, Mrs. Ray Ditchburn, Misses Margaret Adam, Janet Pierce, Olga Sturrock, Elsie Watts, Sally Giddy, Doris Woolson. During the evening the bride-elect was presented with a hapsome lace bedspread, the joint gift of her friends.

Victoria Order of Nurses—Donations were received from the following after the "preparation of list recently published, and are now gratefully acknowledged by the V.O.N. board: Mrs. Shotbolt, Mrs. Stewart, Miss Angus, Mrs. Dey, Mrs. Scott-Moncrieff, Mrs. Poverney, Mrs. Woodhouse and Mrs. Elliott.

Purple Star Lodge—The regular business meeting of Victoria Purple Star Lodge No. 104 L.O.B.A. was held in the Orange Hall Wednesday evening at 8 o'clock, with W.M. Shand in the chair, assisted by D.M. Mrs. Skett. Favorable reports were received from the several committees, and arrangements were made for a mock auction social on the next social meeting night, February 4, to which all sister and brother lodges are invited. Mrs. Skett and Mrs. Ard are social conveners and Mrs. Watson and Mrs. Walker are in charge of the refreshments for a six-month term. Visitors present included W.M. Mrs. Lang and D.M. Mrs. Doherty of Queen of the Island Lodge.

Church Guest—The Metropolitan Ladies' Aid Hostesses to 250 Yesterday Afternoon

The Metropolitan Ladies' Aid entertained at a very successful guest tea yesterday afternoon, nearly 250 guests being seated at the attractively decorated tea-tables in the schoolroom. The affair was a financial as well as a social success, a substantial sum being

raised for the funds of the organization. The various tables were beautifully decorated in varying color schemes by arrival. Mrs. Weston also acting as chairman for programme. Mrs. C. W. Plumb ably convened the tea arrangements.

The musical numbers, each of which was warmly applauded, included items by the following: Miss Norma McComb, soprano solos; Miss Helen Ockenden, piano solos; Mrs. C. C. Kemaley, contralto solos; Miss Opal Abercrombie, recitations; Mrs. Stanley Moore, piano solos. The accompanist was Mrs. W. H. Muncy.

SOLARIUM W.A. ACCOMPLISHING SPLENDID WORK

Little Band of Workers Made 367 Garments During Year, Reports Show

Annual Meeting Yesterday Set February 19, 20, and 21 For Linen Shower

A wonderful record of service to the cause of crippled children was revealed in the reports of the Women's Auxiliary to the Queen Alexandra Solarium, when this little body of devoted women held its annual meeting yesterday afternoon. While the funds that pass through their hands are so small as to be almost negligible, the work that they perform in the way of cutting out, sewing and knitting garments is of incalculable value, and behind them is a veritable army of active supporters in the Women's Institutes of the province who supplement their work with generous gifts in cash and kind—all destined for the institution at Malahat Beach.

MADE 367 ARTICLES

Mrs. Austin Gale, the president, in her annual address briefly reviewed the work of the past year and tendered her thanks to Mrs. R. M. Bird, who cut out all the many garments made up for the Solarium, Mrs. James Beveridge, who has charge of the knitting, and Mrs. William Peden, for so successfully convening the annual linen shower.

Mrs. R. M. Bird, the secretary, in her report said: "Queen Alexandra Solarium have filled all requisitions made by Miss Stone for the children. Thirty dresses, thirty-six knickers, ninety-six nightgowns, thirty-six belts, seventy-two bathers and ninety-seven articles have been knitted, a total of 367 in all."

"Many gifts in kind and cash have been received from branches of the Women's Institutes from all parts of British Columbia. The second annual linen shower held February last met with great success, 213 gifts being received and \$30 in cash."

"Thanks are extended to all branches of the Women's Institute and individuals who have so willingly helped the W.A. in their branch of the work for the Solarium."

INSTITUTES GENEROUS

Mrs. Gale presented the report of "gifts in kind," noting that the Women's Institutes throughout the province had responded most generously with gifts of fruit, fish, or preserved, vegetables, eggs, clothing and money, while some of the institutes on the island have given splendid service in the way of knitting.

"The West Saanich Women's Institute stands out very notably for their good work," the report continued. During the year this institute has given \$80 to the general fund, also \$65 to purchase a car complete for the new Shrine unit, besides an annual gift of preserved fruit. From Harrop Institute and district we received three dolls, beautifully made and dressed by the ladies of the district. Mrs. Britton of Harrop sent 25 which she made by the sale of dahlia roots and the Harrop and District W.I. sent \$5.

"From Esquimalt W.I. came a cheque for \$5, instead of the sack of potatoes sent the previous year, the freight charges for which amounted to more than the value of the potatoes; Sumnerland W.I. sent \$10; Oliver W.I. gave a box of turkeys, as well as apples, potatoes, canned fruit and vegetables and clothing. West Saanich W.I. sent its annual gift of thirty-six jars of preserved fruit. Lake Hill, Royal Oak, Garden City and other nearby institutes have all sent yearly gifts, and Victoria W.I. has been outstanding in organizing the very successful tag day for the Solarium, raising \$755."

Mrs. Beveridge reporting for knitting stated that thirty-four pairs of stockings had been knitted and five pairs repaired during the year. Forty-one vests knitted, five pairs of bedsocks and five pairs of mitts knitted. Donations included five pairs of mitts from Mrs. C. Hartley, one afghan from Monterey Avenue School, three pairs of stockings from Mrs. Manson, much help in knitting and sewing had been received from the following institutes: Lake Hill, Metochin, Shirley, Colwood, South Saanich, Langford, Happy Valley and Lutton.

OFFICERS RE-ELECTED

The election of officers resulted in the return by acclamation of the following officers: President, Mrs. Austin Gale; secretary, Mrs. R. M. Bird; treasurer, Mrs. Wm. Peden; convener of knitting, Mrs. James Beveridge; convener gifts in kind, Mrs. Gale; publicity, Mrs. C. Hartley; convener linen shower, Mrs. W. Peden.

Mrs. Peden presented her financial statement, showing a small balance in hand. Tentative plans were also suggested by her for the linen shower which is to be held on February 19, 20 and 21, with baskets in the various stores to receive the gifts.

CHURCH GUEST

TEA IS SUCCESS

Metropolitan Ladies' Aid Hostesses to 250 Yesterday Afternoon

The Metropolitan Ladies' Aid entertained at a very successful guest tea yesterday afternoon, nearly 250 guests being seated at the attractively decorated tea-tables in the schoolroom. The affair was a financial as well as a social success, a substantial sum being

raised for the funds of the organization. The various tables were beautifully decorated in varying color schemes by arrival. Mrs. Weston also acting as chairman for programme. Mrs. C. W. Plumb ably convened the tea arrangements.

ESQUIMALT COMMITTEES ARE NAMED

All Members of Municipal Council Appointed to Standing Groups For 1931

Will Work For Relief From Government: Reeve Congratulates New Members

All members of the Esquimalt council were assigned to special standing committees for the year at the first statutory meeting of the 1931 Esquimalt municipal body yesterday evening. Councillor Alex Lockley, was re-appointed chairman of the finance committee to work with Councillors A. Heald and T. Haddfield.

Councillor R. A. Anderson, who was returned to the council after several years' retirement from municipal activity, was named chairman of the public works committee to act with the rest of the council.

Councillor Heald was placed at the head of the fire and lights group with Councillors Anderson and Brooker to assist him, while Councillors Haddfield, Smith and Lockley were placed in charge of library matters. The first mentioned of the latter group will officiate as chairman.

No parts committee was struck. Opening the meeting Reeve James Elrick congratulated Councillor Lockley on his splendid victory at the polls, commenting on his large lead over other candidates. He also welcomed Councillors Anderson and Brooker to the board, stating his willingness to co-operate with all members in the legislation of the municipality's business.

TO TRY FOR RELIEF

Regarding Councillor Brooker's proposal to secure relief from the heavy burden of taxation caused by the immunity of military and naval defense property in Esquimalt, Reeve Elrick stated the council's willingness to co-operate in any scheme which would lead to the obtaining of assistance from Ottawa.

Councillors Brooker and Anderson voiced their wish to work for this objective. A letter from the chairman of the government committee of the executive council dealing with unemployment was read asking the municipality what it was doing to assist the jobless in Esquimalt.

Councillor Heald noted that the council had tried to secure assistance from the government to carry on road work in the district.

Another communication from Hon. H. Pooley, Attorney-General, in reply to a query from the council as to the lowering the age for candidates for the Old Age Pension was read. The Attorney-General stated he was ignorant of any new legislation brought down in this matter.

LIBRARY AGREEMENT RENEWED

During the evening the agreement between the municipality and the Victoria Public Library was re-affirmed, and the sole right of the Vancouver Island Realty Company to sell reverted land in the district was extended another three months.

A letter from the British Columbia Bond Dealers' Association, regarding certain proposed re-adjustments in taxation and assessments was read and filed.

A request from the Diamond Jubilee Celebration Committee, seeking a grant of \$400 for the proposed ceremonies next June, was left on the table to be considered when the estimates were drawn up.

The entire council was appointed to the Court of Revision to sit on February 9.

The introduction of the Annual Loan By-law and the Tax Sale Sale By-law for 1931 at the next meeting of the council a week next Monday was approved.

COUNCIL SEEKS ARTERIAL ROAD

Esquimalt Body to Interview Minister of Public Works Regarding Project

Immediate steps will be taken by the Esquimalt Council to have Esquimalt Road taken over by the Provincial Government as an arterial highway, providing the costs to the district are not too heavy. It was decided at the first statutory meeting of the new council yesterday evening.

The council will wait upon Hon. R. W. Bruhn, Minister of Public Works, early next week to ask him if the government will take over the highway. It will also determine whether or not the project will inflict a heavy cost on the municipality. If the council finds the expense too great, the proposal will not be followed up.

Preceding the formal opening of the meeting, Reeve James Elrick noted that his opponent had declared he and Councillors R. A. Anderson and George W. Brooker, representatives of the Craigflower District, were working for the interests of their particular localities with regard to the institution of an arterial highway in the municipality.

COSTS QUERIED

He stated he would do all in his power to secure Esquimalt Road as an arterial highway and would not try to have the government take over the municipality.

The move to have a committee wait upon the Minister of Public Works, brought in by Councillor C. H. Smith, received the unanimous endorsement of the council, following a query by Councillor A. Heald as to the cost the conversion of the road into an arterial highway would inflict upon the municipality.

He stated that if the expenses to Esquimalt came anywhere near the amount the reeve had suggested in his election platform, the project would have to be abandoned.

The need for immediate action was stressed on the grounds that the minister would soon be so busy preparing for the coming session, he would not be able to give the matter adequate attention.

Esquimalt Puzzled Over Way to Fill School Board Seat

Confusion still exists over the procedure to be adopted in the unprecedented case of Esquimalt School Board elections, when the returning officer made his report to the council of that municipality at its first statutory meeting yesterday evening.

At the polls only one candidate, Mrs. Sarah King stood for election. Two seats were vacant. The difficulty was found in the method which council or school board should take in filling the other seat.

The Municipal Election Act governing school boards failed to shed any light on the matter. The appointment of a member by the school board was opposed on the grounds that that body, some members of which had only one year to run, should not appoint a member for two years.

Possibility of a by-election was suggested before the council referred the matter back to the school board for its consideration.

RIGHT OF REEVE TO RE-ELECTION IS CHALLENGED

Saanich Council Calls For Legal Report on Status of Reeve Crouch

Ward Five Ratepayers Want to Know If There Are Two Different Laws

The right of Reeve William Crouch to act as chief magistrate of Saanich will be submitted to the municipal solicitors for a formal opinion, as a result of representations made to the Saanich Council yesterday evening by B. Hoole of the Ward Five Ratepayers' Association.

Mr. Hoole directed attention to Sections 20 and 24 of the Municipal

Act, and asked if inquiry had been made into the relevancy of those sections to Reeve Crouch's disqualification last year. He pointed out that, if the clause applied against the reeve's occupancy of office, all members of the council would incur penalties of \$50 for each time they attended sessions at which the reeve was present.

"The council should take advice as to what has happened to enable Reeve Crouch to again hold office. What has happened to make the law of Sunday not the law of Monday?" Mr. Hoole asked.

Councillor H. D. Cotton favored a report from an independent lawyer. Councillor Woods offered a prepared resolution referring the matter to the municipal solicitors and won the support of all the council, except Councillor Somers, who saw no ground for the inquiry. Reeve Crouch expressed support for any inquiry thought advisable.

FARM ASSESSMENT

The municipal solicitors will also be asked to give an opinion on the effect in Saanich of an amendment to the Municipal Act, passed last year, which decreed that parcels of land of five or more acres, when used for agricultural purposes, should be assessed at actual worth for the purposes for which they were used. Councillor Somers introduced the matter, remarking that many appeals were in prospect. Clerk Sewell stated that

tracts which would qualify had not been reduced in assessed value, but had been segregated on the assessment roll.

MOUNT DOUGLAS PARK

In view of the investigation being conducted into the management of Mount Douglas Park, the council decided to avoid discussion of a report from the municipal solicitors on the first session of the proceedings before Commissioner Oscar Bass, K.C. The report stated that the principal evidence was highly tinged with comments reflecting upon Saanich, so much so, that cross-examination was unnecessary. The council was advised to present all Saanich members of the Joint Beaches and Parks Committee as rebuttal witnesses, and that relation of the large betterments proposed at the park, would be effective in vindication of the work undertaken.

QUEBEC LIQUOR BUSINESS

Quebec, Jan. 23.—The Quebec liquor commission's business for the fiscal year which ended May 30, 1930, totaled \$27,539,966, a slight increase over the business for the previous year, when the total was \$27,007,430. The figures were the highest in the nine-year history of the commission.

BEN LYON PLAYING FEATURE ROLE NOW ON CAPITOL SCREEN

Ben Lyon, who plays the part of a debonaire war ace in "Hell's Angels," Howard Hughes's \$4,000,000 air spectacle, gives one of the outstanding screen characterizations of the year, according to many critics.

Not since Lyon was taken off the New York stage, six years ago and given a five-year contract to play leads in pictures, has he had a role so adapted to his sense of both comedy and drama.

For more than two years Lyon dedicated virtually all of his time and talent to the requirements of his role in "Hell's Angels."

It was while making air sequences for "Hell's Angels" that he learned to pilot a plane, and to-day is recognized as one of the best aviators on the Pacific Coast.

Among its many record-breaking features, "Hell's Angels" marks the culmination of the longest single engagement in the history of pictures—that of Ben Lyon, who spent more than two years portraying colorful role of "Monty" in the most pretentious spectacle of all time.

"Hell's Angels" is now playing at the Capitol Theatre.

WONDERFUL PICTURE OF FAMOUS BATTLE NOW AT COLISEUM

The Charge of the Light Brigade is the culminating point in the movie-tone film, "Balclava," which is showing tonight and tomorrow at the Coliseum. This is not simply a producer's idea of that famous battle, and altered to suit his theatrical tastes. It is a real reconstruction of the battle, built up by military experts from known facts and actual dispatches. A dozen of Britain's finest regiments take part in the vivid and spectacular pictures ever produced, and which is a tribute to the British film industry. The cast is all-British, headed by Cyril Maclagen, Benita, Hume, Alf Goddard and Miles Mander. Should be seen by everyone.

GEORGE O'BRIEN IN ZANE GREY STORY AT COLUMBIA THEATRE

Old Home Week was celebrated at Fox Movietone City on the day production was started on "The Lone Star Ranger," adapted from Zane Grey's famous story. In which George O'Brien portrays the leading role now being shown at the Columbia Theatre. The reunion brought O'Brien in contact with a dozen or more actors who had appeared with him in his first starring picture for Fox Films, "The Iron Horse" and again in "Three Bad Men."

"BORROWED WIVES" IS HERE AT PLAYHOUSE WITH VERA REYNOLDS

"Borrowed Wives" is the intriguing title of the Tiffany all-talking production showing at the Playhouse Theatre. Rex Lease and Vera Reynolds playing the leading roles, with the large cast including Tita Martin, Paul Hurst, Sam Hardy, Dorothea Wolbert, Robert Randall, Charles Selton, Harry Todd and others.

The story is by Scott Darling and concerns itself with a mad chase after romance, money and a few other attractive objects, with most of the action laid in a mountainous country where a lonely lodge on a stormy night provides a fine setting for mystery and comedy.

Frank Strayer directed and RCA Photophone recorded.

"THE BIG TRAIL" COMING ON MONDAY TO CAPITOL SCREEN

The "dainty lady" of the talking screen has become a talented hand laundress, Marguerite Churchill, who portrays the leading feminine character in Raoul Walsh's "The Big Trail." Fox Movietone which opens at the Capitol Theatre, is the lady.

When Director Walsh informed the delightful star that she would be on location for three months and cover more than 4,200 miles, Miss Churchill immediately packed two trunks of wearables. Obviously they needed attention from the dry cleaners and laundry, but never during the filming of the entire picture was she within gunshot of such an establishment. The only thing left to do was to turn laundress herself, which she did. The first "wash" that Miss Churchill hunk out to dry was nicked up by a Wyoming wind and swept into and down the Snake River.

"The Big Trail," based on a story by Hal G. Everts, relates the adventures of the pioneers who a century ago started westward with their wagon trains to conquer the west. Over 20,000 took part in this production, which is heralded as the most important picture ever produced.

PITY THE MAN

The wife of a man who had enlisted in the navy handed the pastor of a church the following note: "Peter Bowers, having gone to sea, his wife desires the prayers of the congregation for his safety."

The minister glanced over it hurriedly and announced: "Peter Bowers, having gone to see his wife, desired the prayers of the congregation for his safety."

AUSTRALIAN PACT WOULD HELP B.C. LUMBER INDUSTRY

Premier Expects Success For Negotiations on New Trade Agreement

Tells What Province Has Done For Saanich in Address to Ward Association

Assistance for the British Columbia lumber trade through the new treaty now under negotiation with Australia was foreseen by Premier Tolmie, who expressed confidence that a satisfactory settlement would be reached by the two governments, during an address before Ward Seven, Saanich Conservative Association, yesterday evening.

The Premier visualized great results from the treaty in the way of bolster-

ing B.C.'s trade. He also sketched briefly the visit of Hon. Parker J. Moloney, Australian Minister of Markets and Transport, to this city.

The Premier told the organization what had been done by the government to relieve unemployment in the district. Saanich got \$15,000 towards payment of labor, putting up an equal amount itself. At the end of the year 281 men were at work under the plan. The unorganized district of North Saanich had received \$5,000 from the government for relief, he said.

Optimism for the future was expressed by the speaker. Vancouver Island tourist trade was growing fast, and in a \$1,000,000 appropriation last year the government improved roads and arterials to benefit this movement. Although only 3.5 per cent of the total area of the province, Vancouver Island had 11 per cent of the road mileage of B.C., he said.

MAJOR INDUSTRY

The tourist industry, said the Premier, was rapidly becoming one of major importance. Last year tourists left \$20,000,000 in the province.

Explaining the arterial highway system, he pointed out the government had taken over these roads in many cases because a large amount of the traffic over them originated in other areas than those where the roads were situated. East Saanich Road was an instance of this, being a thoroughfare to and from Sidney ferries, right through Saanich territory. Similarly

West Saanich Road was an arterial to the Brentwood ferry and Butchart gardens.

REVENUES HIT

The Premier foreshadowed an economic budget this year. B.C. had suffered from the reverse met by Canadian wheat in world markets and low metal prices had effected a leading industry, while the depression had been felt also in lumber, fishing and agriculture, cutting down revenues for all administrative bodies.

The B.C. Government, said the Premier, had kept up its courage well, maintaining its road policies to the maximum possible, taking over large sections of arterial highways and meeting its full obligation on unemployment relief.

TWO NAMED FOR U.B.C. SENATE

J. N. Harvey, Vancouver business man, and Dr. P. P. Patterson, Vancouver practitioner of medicine, were appointed to the university senate by the government yesterday. A third appointment from Victoria will be made almost immediately. These changes follow the retirement of Judge P. S. Lampman of Victoria and James Henderson and J. A. Campbell of Vancouver, whose terms have expired.

Providing Greater Value at Lower Cost

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company of Canada, Limited, is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company of Canada, Limited, looks upon itself as charged with making an automobile that will meet the needs of many thousands of motorists throughout the Dominion—and providing it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless effort to find new methods and new machines that will save steps and time in manufacturing.

The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improvement in the methods of the day before.

The story of the Ford Motor Company of Canada, Limited, is the story of greater and greater value at lower price. The first

The Company Behind The Car

The Ford Motor Company of Canada, Limited, is one of the largest industrial organizations in the Dominion. The plant at East Windsor, Ontario, covers many acres and gives employment to thousands of men. Assembly branches are maintained at Montreal, Toronto, Winnipeg and Vancouver, and sales branches at Saint John, London, Calgary and Regina. All Ford cars for the British Empire, other than for Great Britain and Ireland, are made by the Ford Motor Company of Canada, Limited. Affiliated in its world-wide activities are the Ford Motor Company of Australia (Pty.) Limited; Ford Manufacturing Company of Australia (Pty.) Limited; Ford Motor Company of South Africa, Limited; Ford Motor Company of India, Limited, and the Ford Motor Company of Malaya, Limited.

Ford two-door sedan in Canada sold for \$1150. That was in 1914. It now sells for a list price of only \$585 or practically one-half of the 1914 figure. Within the past

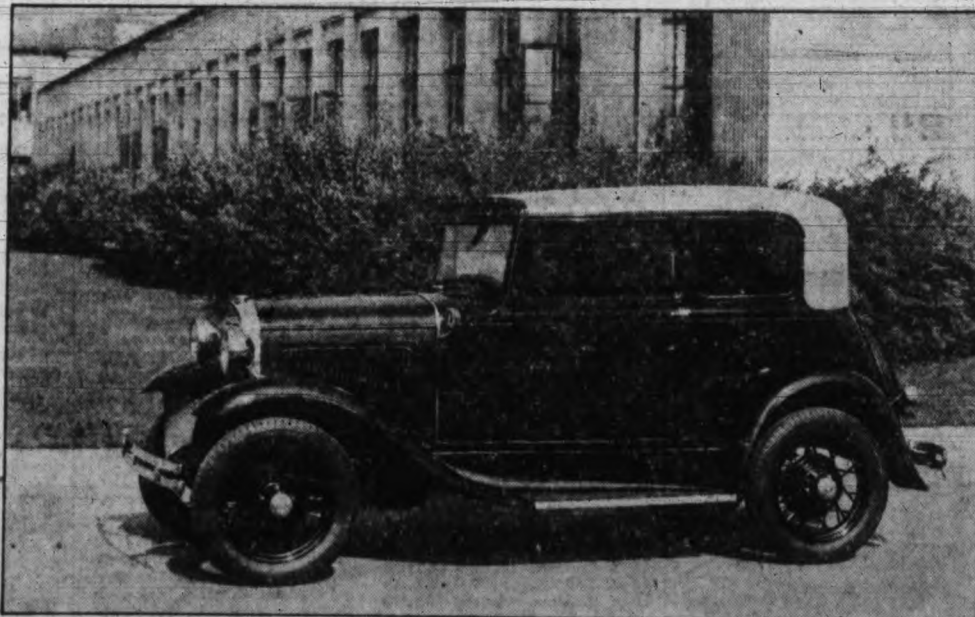

fourteen months, the price of this car has been reduced \$95. Other body types show proportionate decreases.

At the same time, the quality of the Ford has been constantly improved. Large production and Ford methods of manufacturing have made it possible to put more and more value into the car without extra cost to the purchaser.

That the public appreciates the substantial worth of the new Ford is shown by its widening use by people in all walks of life. Today the new Ford leads every other car in Canada by a large and constantly increasing margin.

In many sections between fifty per cent and seventy per cent of all cars sold are Model A Fords. Everywhere you hear enthusiastic praise of its alert, capable performance, safety, comfort, reliability, economy and long life.

Throughout, the new Ford is an example of fine automobile engineering and craftsmanship in volume production—a value far above the price you pay.

THE FORD VICTORIA—the newest, latest Ford body type

The Canadian Car

Canadians have the right to feel proud of the Ford car sold throughout this country. It is made almost entirely in Canada, of Canadian materials, by Canadian workmen. In the Border Cities alone, purchases by the Ford Motor Company of Canada, Limited, average over \$7,000,000 yearly for material and services, excluding wages. More than \$4,000,000 is spent in Toronto, \$2,500,000 in Hamilton, \$1,250,000 in Montreal and Winnipeg, \$750,000

in Chatham, \$350,000 in Sarnia, \$250,000 in Niagara Falls and Vancouver, \$150,000 in Calgary and Regina, \$100,000 in London, and \$50,000 in Saint John. Additional cities and towns supplying materials for the manufacture of the Ford car are Almonte, Belleville, Brantford, Galt, Ingersoll, Kitchener, Milton, Owen Sound, Peterborough, Rock Island, St. Catharines, St. John (Quebec), Tilbury, Waterloo, Welland, Woodstock and many others.

PUBLIC WORKS COST \$28,229 IN ESQUIMALT

Expenditures Up in Several Departments in Municipality; Receipts \$4,605

A net expenditure of \$28,229.34 was made in public works in Esquimalt during 1930, the municipal engineer informed the new council at its meeting yesterday evening.

This sum was paid after \$4,605.91 received by the council for work done and material sold to private individuals and concerns, for garbage receipts and private crossing receipts had been deducted from the gross expenditure of \$32,835.25.

The outstanding expenses of the year were occasioned by the resurfacing of roads, which was carried out at a cost of \$6,407.

Following is the report of the engineer:

The following macadam trails were resurfaced and tarred: Constance Avenue from Esquimalt Road, south of 1100 feet; Cradock Street, Devonshire Road, Elsie Street, from Cave Street to Dominion Road, Foster Street from Loyal Street to waterfront; Grafton Street from Loyal Street to Beatty Street; London Street, Nicholson Street and Sturdee Street, a total of 8,162 lineal feet or 11,550 square yards at a cost of \$3,498.34.

MEMBERS BACK ESQUIMALT FOR BUILDING SHIP

That C. H. Dickie and D. B. Plunkett, lower island members in the Federal House, had both taken up the possibility of building the Government's new hydrographic survey ship at Esquimalt, was stated in a letter to the council of that municipality, read at its meeting yesterday evening.

The communication indicated that the craft would be built somewhere in British Columbia since the cost of delivery would make it impossible for Canadian ship builders on the Atlantic shore to compete with those on the Pacific.

The letter from Mr. Plunkett, in part read as follows: "The matter was taken up by me before leaving Ottawa, and I believe also Mr. Dickie, to the end that your wishes might be helped."

Uncle Ray's Corner

Flames, Smoke and "Smog"

If a water glass is placed over a small lighted candle, the flame will go out within a second or so. This points out an important fact—a flame needs gas in order to burn.

The air contains gas of several kinds, and one kind is oxygen. If all the oxygen is taken from the air, it will not burn.

The fact that a flame needs a gas to feed on, has led men to find one fairly good method of fighting an oil well fire. By placing large bells over the flames, fire-fighters have been able to put out more than one serious fire of that type.

Hold a piece of metal above a candle flame, and in a few moments you will notice that the metal has a coating of soot. Even a tiny candle gives forth smoke.

In these days of huge factories and mills, with thousands of tons of coal burned in a city every month, the air is charged with smoke.

There is an old saying, "Whatever goes up, comes down," and it is true of things which stay within the range of the earth's gravity. When smoke goes up, it comes down sooner or later. Smoke does a great deal to bring rain, for it mixes with water vapor in the air. Smoke also does much to bring on fog. In Pittsburgh the people talk about "smog." This is a thick fog filled with soot. "Smog" also visits other large cities. It is so heavy that one could almost cut it with a knife.

If coal-burning increases in amount during the coming years, large cities may become even worse in this respect.

COMMITTEES OF SAANICH NAMED

Reeve and Council Sworn Yesterday By R. Brydon, J.P.

Annual Loan Will Be \$175,000; Standing Committees Appointed

Reeve William Crouch of Saanich and all members of the Municipal Council for 1931 were sworn in yesterday evening at 8 o'clock, at Royal Oak Municipal Hall, by Robert Brydon, J.P., who followed the brief ceremony by congratulating Reeve Crouch upon his re-election for a fifth term of office.

Mr. Brydon remarked upon the good fortune of Saanich in having on the council a number of experienced members, and congratulated Councillors F. Borden, W. F. Somers, W. R. Woods and L. Hagan upon their re-election. He also congratulated Councillors D. Moore, H. D. Cotton and F. T. Rogers, newcomers, upon their election to the council, upon honor accorded them by Wards Two, Five and Seven.

Reeve Crouch thanked Mr. Brydon for his good wishes and when welcoming Councillor Cotton of Ward Five remarked upon the long and loyal service given Saanich by his predecessor H. C. Oldfield.

The Reeve also extended cordial welcomes to Councillors Moore and Rogers.

STREET LIGHTING

One fire hydrant was installed, at the corner of Malvern Street and Victoria View Road, making the total number now forty-five, for which is charged a rental of \$2.60 per month.

During the year a plan was made of the street lighting system in the municipality. This shows a total of 231 110-watt lamps on the system, the total capacity of the system being 251. The cost of operating the system amounted to \$118.35 or \$7.84 per lamp, compared with \$7.03 in 1929. One hundred and twenty-six street lamps were replaced during the year.

All the above costs do not include any charge for plant rental.

NEW COMMITTEES

Reeve Crouch announced the following standing committees: The first named being chairman in each instance:

Finance: Councillors Woods, Hagan, Somers and Moore.

Works: Councillors Hagan, Cotton and Rogers.

Water and Fire: Councillors Somers, Borden and Moore.

Health and Health Centre: Councillors Woods, Cotton and Rogers.

Parks and Playgrounds: Councillors Borden, Rogers and Moore.

The special charity committee will be Councillors Borden, Moore, the chief of police and the municipal clerk.

The Court of Revision of the assessment roll will be composed of the whole council and will hold its first session on Monday, February 9, at 10 o'clock at the Municipal Hall.

The annual loan by-law was put through preliminary readings, giving the council authority to borrow \$175,000 on the security of the annual tax levy, with interest at six per cent.

Ward appropriations of \$1,000 each were voted as temporary grants to enable each councillor to carry on with urgent work pending consideration of the annual estimates.

The Coast by any firm which wishes to estimate the same.

The letter was a reply to one sent to Mr. Plunkett seeking his support in having the ship constructed in Esquimalt.

DAILY HEALTH SERVICE

Lack Of Knowledge Is Cause Of Many Difficulties In Childbearing

By DR. MORRIS FISHBEN

No doubt, long before there were physicians or midwives, women gave birth successfully to children without the help of either. On the other hand, they, no doubt, frequently suffered unnecessarily and sometimes became ill or died as a result of complications which to-day are perfectly controlled.

As human life became more complicated and conditions of living changed, medical complications of childbirth became more difficult and the opportunity for infection far more frequent.

There are, as has been frequently pointed out, three main factors to be considered: First, to bring the mother successfully through the entire period from conception to recovery; second, to insure the birth of a healthy infant; third, to have the mother as nearly normal after the experience as she was before.

Because of the fact that midwives undertake a part of the practice of medicine, this phase of medical training has had hardly a fair share of attention in medical schools. It is an aphorism that a badly taught midwife can kill more women than a highly educated physician can cure.

Before there were trained surgeons, barbers did much of the surgery. It was "barber" surgery and not "surgical" surgery.

One of the great difficulties in securing better results in the matter of child birth is the fact that the public itself is not well informed concerning the possibilities.

If the vast majority of women made sure of their ability to bear children successfully and without complications at the time of marriage, if they consulted competent medical advice immediately on the knowledge of conception, and if they followed such competent advice carefully through the entire circumstance, the number of deaths would be greatly cut down and there would be a vast amount of illness prevented.

Much has been written of late in newspapers and in magazines concerning the great cost of scientific obstetrical care. It is recognized that the work of obstetric specialists is not necessary in the vast majority of cases. Specialistic service is expensive regardless of whether it is in the field of law, plumbing, farming or medicine.

In the uncomplicated case the general practitioner can secure excellent results. There is always the possibility that he will be unable to give as many hours of time to the individual case as can be given by the specialist. Furthermore, he may be called at significant moments and he may be required

TWELVE TRIPS FOR ALPINISTS

Club Draws Up Schedule For Spring and Early Summer Activities

Twelve outings, ranging from half-day to three-day trips into the mountains of the lower island, were scheduled by members of the Vancouver Island section of the Alpine Club of Canada at their meeting yesterday evening.

The first will be held on February 7, when the group will climb Mount Blinkhorn.

The present schedule includes trips crating the colors of the Navy League Sea Cadets.

Lieutenant-Governor Bruce and Miss Mackenzie, Premier and Mrs. Tolmie, Mayor and Mrs. Anson, the Senior Naval Officer, Senior Military Officer and staff, and a large number of prominent citizens have signified their intention of being present. All chapters of the I.O.D.E. will be represented by standard bearers and boy scouts to the number of 250, and 200 girl guides will attend.

By kind permission of Col. T. B. Monk the Fifth B.C. Coast Brigade Band will provide music for the service which is expected to last about one hour. The Canadian Scottish Pipe Band will also be in attendance.

WILL CONSECRATE COLORS OF NAVY LEAGUE CADETS

Special Service to Be Held at Christ Church Cathedral Sunday

A special service will be held in Christ Church Cathedral, presided over by Dean Quainton on Sunday afternoon at 3 o'clock for the purpose of consecrating the colors of the Navy League Sea Cadets.

SCHEDULE

The programme is as follows:

February 7 (Saturday), Mt. Blinkhorn, half-day trip, leaving Bastion Square at 2 p.m.

February 22 (Sunday), all-day trip to Lake-of-Seven-Hills (time of leaving optional).

March 7 (Saturday), Mt. Newton (half day).

March 22 (Sunday), all-day trip to Mt. Prevost, leaving Bastion Square at 9 a.m.

April 3, 4, 5, 6, Easter camp, Lake-of-Seven-Hills.

April 18 (Saturday), Mt. Hood and Mt. Jeffrey (Malahat), leaving Bastion Square at 8 a.m.

May 1 (Saturday), Mt. Joselyn, all-day trip, leaving city at 9 a.m.

May 16 (Saturday), Mt. Wark (all-day).

May 23, 24, 25, Empire Day week-end trip to Leech River.

June 13 and 14, Mt. Maxwell (Salt Spring Island), two-day camp, leaving by early ferry on Saturday morning and returning by ferry on Sunday evening.

June 27 to July 6, ten-day summer camp at Lake-of-Seven-Hills.

The annual dinner will take place in the last week of March, the date to be definitely announced in due course. Up-Island members will be interested in the plan to hold a three-day Labor Day week-end camp at Conception Mountain.

SUPERHETERODYNE-PLUS

A new and revolutionary radio... combining the exclusive Philco balanced-unit Screen Grid circuit with the superheterodyne, to form a startling advancement in radio reception... The superheterodyne is the most selective circuit known. The screen grid is the most powerful. Balanced units have eliminated distortion... Now, Philco engineers have combined all three principles in a miraculous new radio... The enormous power of this 11-tube receiver will bring you programs you have never heard. Its Automatic Volume Control will hold them at constant level without fading. Its superheterodyne selectivity will untangle for you all the traffic jams of the air. The one, big program you want, among crowded city stations, or out in the country, is selected accurately, easily, without overlapping. Even more fascinating to your ear will be the tone; the wonderful realism; of any and all programs you bring in... The life-like reproduction is breath-taking. You have never heard a radio like this. It has just been perfected. Go now to your nearest Philco dealer and let him prove this by actual demonstration.

The PLUS in PHILCO'S New Superheterodyne-Plus

11-Tube Power—More than the average owner needs, but wonderful to reach out and bring in the programs YOU want.

Superheterodyne Selectivity—Combined with the sensitivity of screen grid tubes, recognized as the most perfect circuit known.

Automatic Volume Control—Making this great power USEFUL by holding the reception at constant level without FADING.

Tone-Control—4 qualities of tone, "Brilliant," "Bright," "Mellow," "Deep"—whichever YOU like, at a touch of the finger.

Station Recording Dial—On which you can permanently log your favorite station.

Balanced Units—Which produce the true, clear, Undistorted Philco Tone.

THE SPORTS MIRROR

Three New Big League Ball Managers Face Difficult Problems
 McCarthy, Hornsby and Collins All Face Herculean Tasks
 Women's Champion Tenpin Bowler Gives Sparkling Exhibition
 Mrs. Floretta McCutcheon Averages 199 for Twelve Games

At the recent baseball talk over the setting of the universal draft problem between the majors and minors brings to our mind the serious problems that face the three new managers of big league clubs this season. First, there is Joe McCarthy of the New York Yankees, who must find some pitchers somewhere between this date and the season's opening. Second, there is Rogers Hornsby, who faces the job of restoring to the Chicago Cubs the confidence and spirit that died in the waning days of the 1930 pennant struggle. Third, there is Shano Collins, selected by Bob Quinn as the man to lead the Boston Red Sox out of the dark basement of baseball and Collins faces not so much a job as a nightmare.

McCarthy started under the handicap of his record. After his splendid showing with the Cubs, a miracle of some sort will be expected of his handling of the Yankees. The team he is taking over has power, but there are glaring weaknesses on the defense. He must worry about catchers, a left fielder, the middlefield and the pitchers. They scored more than 1,000 runs in 1930 and finished third. McCarthy must find a couple of players in whose feet there is no lead to handle the duties around third base. He expected Tony Lazzeri will be moved to second base again.

How will the Cubs go for the Rajah? Will the new pitchers, such as Baecher from the Pacific Coast League, stand up under the big league fire? Will Biggs Stephenson and Charley Grimm stand up in another campaign? And how about third base? Will Lester Bell's arm come back? These are a few of the tough questions facing Hornsby.

But if McCarthy and Hornsby think they have their hands full, or that the breaks are all against them, let them have a look at the position of Collins. He is taking a tall order, with whom the habit of losing has been fairly well formed. He has a few good pitchers, but the defense is spotty and the run-making department hasn't been functioning for years. If Collins can discover some happy method of winning ball games while making fewer runs than the other fellows, Bob Quinn ought to give him a contract for life.

Local tenpin bowlers who have reached the stage where they consider they're good, should be rolling in Winnipeg recently. Mrs. Floretta McCutcheon, world champion woman trundler, compiled the brilliant average of just one pin short of 199 in her twelve games. She defeated two of her opponents, tied another and lost to the fourth. Three of the players who rolled against her were men. Mrs. McCutcheon rolled with great accuracy and rhythm, turned in the following scores during the one-day exhibition: 165, 201, 196, 199, 201, 212, 192, 221, 194, 223, 225 and 180.

While rolling in the evening games, Mrs. McCutcheon gave a really brilliant performance by registering a pair of 600 scores and going through six games without the semblance of an error. Pretty good bowling. The final summary of the twelve games shows Mrs. McCutcheon with only three errors, ten splits and sixty-two strikes, which is indeed a record for any bowler to be proud of.

Pitcher Malcolm Moss brought from Louisville to the Chicago Cubs, then sent to Minneapolis, finally was dispatched to Los Angeles, where The rolling "Moss" gathers no rocks.

Joe McCarthy said he was sure of first base, right field and center field. Before the season in over he may be playing short himself.

One of the Boston Red Sox rookies named Gene Rye has written to assure President Bob Quinn he is good enough to stay up here. He probably figures a good Rye needs no bushes.

Ed Dudley won the recent Los Angeles open. He made the rest of the golfers say Uncle Dudley.

Babe Ruth has been training off the fat by riding a bicycle. Some fans want to know if the Babe is going to keep the bike out there in right field with him this season.

In a football game between Peru and Uruguay the other day, six were killed when the spectators rushed into the field and started rioting. How's that for over-enthusiasm?

The game was held in Lima. That's the place the beans come from, but nobody got out of the park that day with a whole bean.

Famous Curling Trophy Is Stolen

Montreal, Jan. 22.—The important curling trophy, one of the important curling cups completed for in the district of Montreal, was stolen Wednesday from the exhibition shelves in the Caledonia Curling Club's rink. Other cups were also taken. The loss was covered by insurance.

Esquimalt To Field Best Team For Game With St. Saviour's

Local First Division Football Champions Confident of Turning Back Vancouver Club in Opening Round of Provincial Series; Dockers Defeated Saints in Opening Round Last Season; Nurse and Boyd Will Be Back on Esquimalt Line-up; Only Senior Match Scheduled To-morrow.

With their strongest available team ready for action, Esquimalt are confident of turning in a victory when they stack up against the formidable St. Saviour's eleven, of Vancouver, in a Province Cup match at the Royal Athletic Park to-morrow afternoon. The game will commence at 2:30 o'clock and as this is the only senior match scheduled a record crowd is expected. Heavy rainfall yesterday and to-day has put the grounds in anything but good condition. McMillan will referee.

STAR PLAYER

BILLY HOGG

clever centre half of the St. Saviour's football team, who will be seen in action to-morrow afternoon at the Royal Athletic Park when the Vancouver club opposes Esquimalt, local first division champions, in a Province Cup match. One of the best halves in Vancouver, Hogg is a tireless worker and a fine breaker-up. He is a nephew of Billy Hogg, who was famous as outside right for the Glasgow Rangers.

Should Esquimalt win to-morrow they will play their second round match also on local grounds. The Victoria club was fortunate in drawing two home games.

Esquimalt enters the match with the greatest of confidence. They have established a splendid record this season, suffering only one defeat in ten matches and this setback came last Saturday when they were blanked 2 to 0 by the Seaside Thistles in a Toluca Cup game.

The Dockers went through the entire First Division schedule without having a defeat inflicted upon them, although they were held to several drawn matches.

STRENGTHENED TEAM
 The Dockers will greatly strengthen the team they fielded last week. Nurse will return to his regular position at centre-half, while Boyd will play in his old place at inside left. Louis de Costa, brilliant young goalie, will be between the sticks; Joe Watt and Clyde Nicol at the fullback positions; Hooper and Mosher will be on either side of Nurse on the half-back line, while on the forward line will be Bob Stewart at outside right, "Scotty" Stewart at inside right, John Watt, centre-forward, Boyd, inside left and Mike Wagland, outside left. This gives the local champions a well-balanced club and one that should be able to give a good account of itself.

According to word received to-day from Archie J. Sinclair, vice-president of the St. Saviour's club, the Mainlanders will trot out the following team to-morrow: Alsbury in goal, Bruce and Hogg, full-backs; Lang, Watson and West, half-backs; McKelvie, Bradbury, Chevalier, McKelvie and Ashton, forwards.

To-morrow the James Island and Oaklands junior football teams will clash at the Beacon Hill ground in a replay of their Davis Cup match. The game will commence at 2:30 o'clock.

In a regular Junior League fixture Esquimalt will meet Victoria City at the Central Park, commencing at the same time. All other junior games for Saturday are off.

On January 23, Esquimalt will play a friendly match with the Victoria City team at the Central Park, commencing at the same time. All other junior games for Saturday are off.

ERNIE SCHAAF IS FAVORITE FOR TO-NIGHT

Young Boston Heavyweight 8 to 5 Choice to Win Bout With James Braddock

Braddock Returning After Three Months' Layoff; Bucky Lawless Meets Bruce

New York, Jan. 22.—Ernie SchAAF, husky Boston heavyweight, returns to Madison Square Garden to-night to battle James J. Braddock, erstwhile light heavyweight contender, in a ten-round bout.

SchAAF, one of the most effective of the young heavies, rules an 8 to 5 favorite over Braddock, who returns to the ring after a three-months' lay-off.

The Boston battler in the last year has been upsetting favorites with monotonous regularity. He holds two decisions over Tommy Loughran and outpointed the highly-touted Pacific coast slugger, Max Baer, in his last garden engagement.

Braddock, after fighting his way into a title bout with Loughran in the light heavyweight division and taking a fine boxing lesson for his pains, has deserted the 175 pounders as a light heavyweight and is now a contender for the world's title.

Bucks Hold Lions To Scoreless Draw And Stay In Front

Portland Retains One-point Advantage in Pacific Coast Hockey League Race After Overtime Tie at Rose City Yesterday Evening; Vancouver Claims Goal in Third Period, But Goal Referee Says "No"; Game Held Through Argument; Sanderson Injured.

Portland, Ore., Jan. 23.—Pacific Coast Hockey League standings remained relatively unchanged to-day although Portland and Vancouver advanced each one point in an overtime game here yesterday that ended in a scoreless tie.

The tie enabled the Portland Buckaroos to maintain their slender one-point lead over Vancouver. Seattle is in third place in the standings.

Despite the official nothing-to-count, the visiting Lions did not appear satisfied that they had not won the game. During a fierce attack in the third period a Vancouverite forced a shot that the players contended denied the Portland net. The goal judge, however, ruled the puck had hit the outside post and remained clear.

Players and officials went into a huddle and the game was delayed for several minutes until the officials decided to abide by the goal judge's decision.

Andy Aitkenhead, Portland, and Percy Jackson, Vancouver, goalies, had their hands full throughout the game and made many difficult saves.

Only six penalties were called in the entire game, one on Vancouver and five on Portland.

Sanderson, Vancouver alternate centre, was injured in the overtime period and had to be carried off the ice. It was said his knee had been twisted but the extent of the injury was not learned.

The teams follow:
 Vancouver—Jackson, Brennan and Arnot, Jerva, Sanderson, Dunn, Suba, Redpath, Oumundson, Pettenger, Blyth, Carr.
 Portland—Aitkenhead, Rouleau and McCordick, Conn, Coupez and Dowrie, Suba, Maher, Teel, Kunge, Armstrong, Evans.
 Officials—Lindsay and Rieky.

HOCKEY STANDINGS

Detroit	11	10	4	48	56
Philadelphia	2	23	1	41	109

Eveleth, Minn., Jan. 22.—Without doing themselves any particular good, St. Louis Blues promise to do other American Hockey League entrants any amount of harm. Stabilized hockey from the St. Louis camp, pitched far down at the bottom of the standing, was sufficient to turn a 3 to 2 win over Minneapolis Millers yesterday evening.

The bolstered Blues, by their victory kept Minneapolis from gaining a second-place tie with Chicago, and ran their own point total to eight. The game was played here as St. Louis home game, because the filers' rink is unoccupied.

Startling Upset Of Favorites In California Golf

Leo Diegel, Al Espinosa, Wiffy Cox, Charles Lacey and Willie Hunter Among Stars Who Failed to Qualify in \$4,000 Match Play Tournament at Los Angeles; Horton Smith and Herman Barron Tied for Honor of Leading Field With Scores of 140; Walter Hagen Manages to Squeeze in After Play-off

Los Angeles, Jan. 23.—The first round of match play in the motion picture industries \$4,000 open tournament got under way at the Riviera Country Club to-day with the gallery still gasping over the startling upsets of yesterday's qualifying round, which found some of golfdom's mightiest guns failing to make the grade.

The favored thirty-two in the field to-day were led by Horton Smith, of New York, and Herman Barron, Port Chester, N.Y., with scores of 140.

The fact that Smith and Barron led the pack, however, was somewhat overshadowed by the absence from the ranks of the chosen, Leo Diegel, Al Espinosa, Wiffy Cox, Brooklyn, N.Y.; Charles Lacey, young English star; Willie Hunter, Montebello Park ace, and others of similar ranking, all of whom fell by the wayside yesterday.

Smith clicked off a new competitive course record at Fox Hills, where the qualifying round was played, with a 67 in the morning round. He added a 73 to the effort during the afternoon. Barron, with a 69, also cracked a course record in the morning, and gained a tie with Smith by shooting a 71 in the afternoon.

ABE ESPINOSA SECOND
 While Al Espinosa blew the works, his brother Abe kept the family in the running by knocking out a 74 and 68 for second honors. Eddie Loos took third place with a 75. Jim Hanesy of New York and George Von Elm of Rancho, were next with 144; Charles Guest, Chet Beer, Mortie Dutra and Macdonald Smith, the latter taking part in his first match play tournament in almost a quarter century, had 145.

Walter Hagen, Detroit, recalled his play in the P.G.A. championship here two years ago by getting a tie with three others for the last two places. His co-finishers with totals of 150 were Al Zimmerman, Portland, Ore.; George Davies, Los Angeles, and Jimmy Thomson, Colorado Springs, Colo.

In the play-off Zimmerman took a seven, three over, on the first hole, while Hagen was low with a four. Davies then lost out on the second with a bogey four, while Thomson matched par with a three, leaving Hagen and Thomson in the field.

Matches at Riviera to-day follow:
 Macdonald Smith vs. Ralph Guldahl, Horton Smith vs. Neil Christian, Crisp Wood vs. Fred Morrison, Charlie Guest vs. Mortie Dutra, George Von Elm vs. Chet Beer, Walter Hagen vs. William Fitch, Otto Dutra vs. Dallas Jeffers, Jimmy Thomson vs. Jack Forrester, Vic Owen vs. Joe Kirkwood, Fay Coleman vs. Abe Espinosa, Harry Cooper vs. Jim Hanesy, Joe Turnesa vs. Walter Kosak, Eric Seavall vs. Eddie Loos, Ray Mangrum vs. Johnny Golden, Herman Varron vs. Tony Manero, Johnny Dawson vs. Clarence Clark.

Art Shires Has Signed Contract With Minor Team
 Milwaukee, Wis., Jan. 23.—Within three minutes after Louis Nahn, president of the Milwaukee Brewers, handed Arthur (the Great) Shires a contract for the 1931 season to-day, the signature of the "great one" was on the dotted line.

Miss Fitzgibbon And Dr. Ludon Win Par Competitions
 Miss Fitzgibbon won the class "A" monthly par round at Colwood Golf Club yesterday, finishing one down. Dr. Ludon took the honors in class "B," being nine down. The heavy rain and prevailing wind did not dampen the order of the fair sex masochists, and there were large entries in each class.

McDUFFY OF THE MISSAPUTTA GOLF CLUB BY BARRIE PAYNE
 The feature battle between Claude Campbell's aces and the Knights' will, if it comes up to the calibre of recent meetings, provide the fans with plenty of action from the opening tip-off. The Knights must take to-night's game to make sure of staying in the running for the championship, as their recent defeat at the hands of the students practically eliminated the Knights from the second-half fight. Both teams will be at top strength and although picking the winner is a tough proposition, the students will take the floor favored.

HARMONY FAVORED
 The Harmony will be heavy favorites to take the Blue Ribbon into camp in the women's game in view of their recent one-sided win over the Maine are, however, not downhearted and look for their charges to turn in a victory.

West Road will receive plenty of opposition from the fast traveling Keating senior "C" team, and the older players may have to use every trick they know to come through with a win. Ray Kersey, Bud Mitchell and Steve Smith take plenty of watching and should cause the opposition plenty of worry. George Lannon, Claude and Clarence Staggert will carry the burden of collecting most of the Westsiders' points.

Alan Lemarquand will referee. The complete card follows:
 7:30 p.m.—Vancouver Island Knockout—West Road vs. Keating "C".
 8:30 p.m.—Final of first-half senior women—Blue Ribbon vs. Harmony.
 9:30 p.m.—Final of first-half intermediate "A" men—K. of P. vs. High School.

Sonnenberg Wins Bout With Wykoff
 Boston, Jan. 2.—Gus Sonnenberg, former claimant of the heavyweight wrestling title, won a victory over Les Wykoff of St. Louis here yesterday evening, when the latter was injured in a fall from the ring while attempting to administer a flying tackle. Each grappler had taken a fall and they were battling for the deciding throw when the accident occurred. A crowd of 14,000 witnessed the bout.

Toronto and N.Y. Americans Make Gains In N.H.L.

Maple Leafs Now In Second Berth Behind Canadiens

Toronto Turn in Sparkling Exhibition in Defeating Montreal Maroons 4 to 2; "Busher" Jackson Raps Home Two Fine Goals; Americans Surprise by 2 to 1 Victory Over Boston; Amers Only Two Points Behind Maroons; Chicago Continue on Heels of Boston by Victory Over Philadelphia; Canadiens Beat Ottawa.

Canadian Press
Toronto, Ont., Jan. 23.—The New York Americans and Toronto Maple Leafs improved their status in the Canadian section of the National Hockey League yesterday evening. In the United States division Chicago Black Hawks crept to within a point of the leading Boston Bruins by defeating the last place Philadelphia Quakers, 5 to 2.

The Leafs beat their Montreal Maroon rivals for second place by a 4 to 2 margin and now hold possession of the second rung by themselves.

HOCKEY TEAMS PLAY TO-NIGHT

Jokers Meet Cyclamen and Monarchs Clash With Maple Leafs in League Games

With but one point between them and the league leading Plimley and Ritchie squad, Jokers, second place team in the senior roller hockey league, will fight hard to take the top berth in their match with the cyclamen this evening in the Gray Line rink. In the preliminary game, the Monarchs will clash with the Maple Leafs in an intermediate fixture which will start at 7:30 o'clock.

Both games are expected to be productive of good hockey and should draw a large crowd. The teams will be as follows:
Plimley & Ritchie—Banks, Wallace, Bosson, B. Carlow, J. Carlow, L. Taylor, Jewsbury and Pellett.
Jokers—Partington, Munro, Lawson, Wensley, Walker, Bothwell, Rickinson, Brown, Jenkins, Johnson and Delahunt.

Monarchs—Carlow, White, Smith, Crump, Holmes, Clayton, B. O'Connor and Woodford.

Maple Leafs—Arthur, Potts, Parsons, Harrison, Milton, Rich, Jewsbury, Balfour, Carter and Bragg.

Goodfellow Still Leading Scorers In Major Hockey

Leaders in the various departments of the National Hockey League follow:
CANADIAN SECTION
Team—Canadiens, played 25, won 15, lost 7, tied 3, points 33.
Most points (goals and assists)—Morenz, Canadiens, 17 goals, 8 assists, 25 points.
Most goals—Morenz, 17.
Most assists—Primeau, Toronto, 15.

Most shutouts—Toronto, 7.
Most minutes—Alex. Smith, Ottawa, 63 minutes.

AMERICAN SECTION
Team—Boston, played 26, won 16, lost 7, tied 3, points 35.
Most points (goals and assists)—Goodfellow, Detroit, 19 goals, 11 assists, 30 points.

Most goals—W. Cook, Rangers, 20.
Most assists—F. Boucher, Rangers, 17.

Most shutouts—Goodfellow, Chicago, 9.
Most penalties—Rockburn, Detroit, 84 minutes.

EASTER HERO IS FAVORITE

J. Hay Whitney's Thoroughbred Given Top Impost For Grand National

Liverpool, Eng., Jan. 23.—Top weight of 175 pounds in the Grand National steeplechase has been assigned to Easter Hero, owned by the United States horseman John Hay Whitney.

The Grand National will be run over the famous Aintree course March 27.

Easter Hero will carry two pounds more than B. D. Davis's Glib, which gets in with 173 pounds. Shaun Gollin, winner of the race last year, has been assigned 172 pounds.

The entries and weights are as follows: Easter Hero 175, Glib 173, Shaun Gollin 172, Gregalach 168, East Galloway 168, Kakulatin 167, Bright's Boy 166, Colliery Band 166, Bangie Second 166, Image 164, Oberstown Prince 164, Grackie 161, Drimtrye 161, Sir Lindsay 160, Castletown 160, Kithnuck 160, Trunck Card 159, Gate Book 159, Lord 157, Gyl Lovani 157, Tarsus 154, Wild Rowland 154, Drin 153, Hayview 153, Mount Ems 154, Cornorohar 154, Culmager 154, Guiding Light 154, Balla 154, Spruce 154, Richmond 154, Second 154, Great Span 154, Hyattiere 152, Sandy Hook 152, Goriastown 152, Belle Virtue 152, Stash 152, Bold Punch 152, Rinder 152, Big Black Boy 152, Apostasy 152, Starbox 150, May King 150, Amburwa 150, Melerray's Belle 150, Glangraia 150, Alike 150, Orelone 150, Aspirant 150, Fear Nothing 150, Moore Keesh 150, Clicker 150, Solanum 148, Ryddymack 158, Favorite Star 148, Cherry Duck 147, Tumash 147, Best Home 147, Fiale 147, Kilbrain 147, Delarue 147, Florin Second 147, Kinsdown 147, Mallard 147, Southill 147, Cryptical 147, D.D.B. 147, Ballus 147, Gold Flame 147, Haxwood 147, Royal Arch 147, Far Light 147, Lady Victoria 147, Toybell 147, Heartburn 147, Silvergrin 147, Arunitus 147, Ballymoran 147, Endwell 147, Auld 147, Prince of Ivach 147.

The last-minute thrust with five men up the ice saved them from the ignominy of a whitewashing, but was too late to pull the fat out of the fire. Toronto swarmed over the Maroons all evening with a snappy short passing mode of attack that gave plenty of work and kept the Maroon squad floundering helplessly. It was an off-night for Dunc Munro's hearties. They missed passes, dropped the puck at random. Passes went begging time and time again or were snapped up by crushing Leaf sharpshooters.

Jackson in particular was outstanding for the Leafs, scoring a couple of goals and threatening always. King Clancy served up a couple of his old-time rushes but lacked a scoring punch. Art Bailey was going good until he ran into the goalpost and hurt his shoulder. The two and three-man attacks of the Leafs worried the Maroons and netted the visitors a handsome victory.

LINE-UPS
Toronto—Chabot; Clancy, Day, Blair, Bailey, Cotton. Subs: Horner, Conacher, Primeau, Jackson, Jenkins. Montreal—Kerr; Gallagher, McVicar, Phillips, Ward, Roche. Subs: Conacher, Wilcox, Northcott, Smith, Stewart, Siebert, Boucher.

Referee—Corbeau and Goodman.

SUMMARY
First period—1, Toronto, Cotton (Bailey). 13.10. Penalties: Primeau, Stewart, H. Smith, C. Conacher, Jackson, Cotton.

Second period—2, Toronto, Jackson (Primeau). 12.10. Penalties: Blair, C. Conacher.

Third period—3, Toronto, Jackson (Primeau). 1.10. 4, Montreal, Smith (Ward, Northcott). 4.00. 6, Toronto, C. Conacher (Ward, Roche). 3.30. Penalties: Siebert (2), Cotton, C. Conacher, Ward.

Ottawa, Jan. 23.—Montreal's pace-setting Canadiens of the National Hockey League, Canadian Section, continued their winning stride with a 4 to 0 victory over Ottawa Senators here yesterday evening. The brilliance of George Hainsworth in the Canadian nets, combined with the ragged combination of the Senators to send the cellar occupants down to defeat.

Without the dynamic force of the starry Howie Morenz, Canucks were matched rush for rush by the striving Senators. Individually, the Senators played fast, tricky hockey, but more than a hard shot was needed to beat Hainsworth.

Larochelle gave the Montreal lead in the opening period, after a three-man passing bout. The other goals came in the final period, Leduc, and then Gagnon, recent habitant acquisition, doing the scoring.

(Continued on Page 25)

WANDERERS MEET BAYS TO-MORROW

Hard Game Looked For When Rugby Teams Clash at Oak Bay Park

Two Intermediate Fixtures Carded; College Will Oppose Scottish

Taking the field for the first time in the second half, Bob McInnes's senior J.B.A.A. rugger, undefeated champions of the initial round, will clash with the Oak Bay Wanderers at Oak Bay Park to-morrow afternoon at 3 o'clock.

It will be the first occasion on which these teams have met since the seamen lost Art Fell and the Oak Bays were deprived of Roberts. While the absence of these men in the respective fifteens should undoubtedly be felt, the managers have plugged up the gaps and should furnish good teams for the fixture.

With the Wanderers fighting all-out to gain a victory and the seamen determined to keep their string of victories intact in order to withstand the challenge of the Canadian Scottish for second half honors, the squads are counted on to put up a good battle.

INTERMEDIATE GAMES
In the intermediate division Victoria College will meet the Canadian Scottish for the second time in two weeks, while the J.B.A.A. will repeat their fixture against the Oak Bay Wanderers. Overwhelming scores were registered by the students and seamen in last week's game and the losers are out to avenge themselves for their setbacks.

The J.B.A.A. Wanderers' senior and intermediate games will be played at Oak Bay Park, while the College-Scottish fixture will be staged at Victoria High School grounds.

Some of the teams for to-morrow's encounters follow:

J.B.A.A.—Eagel, Stagg, Le Marquand, Skilling, Johnson, Alexander, Cockin, McMillan, Sparks, Moses, Fanning, McKinnon, Pettigrew, D'Arcy and Goad. Wanderers, senior—Oester, Thornberry, Pease, Usher, Haines, Parfitt, Sykes, Hood, Douglas, G. Douglas, Hopeful, Harrison, King, De Blaquiere and Golby.

Wanderers, intermediate—Kills, Haywood, Denbigh, Slater, Fanning, McKinnon, Sparks, Moses, Fanning, McKinnon, Pettigrew, D'Arcy and Goad. Wanderers, senior—Oester, Thornberry, Pease, Usher, Haines, Parfitt, Sykes, Hood, Douglas, G. Douglas, Hopeful, Harrison, King, De Blaquiere and Golby.

Wanderers, intermediate—Kills, Haywood, Denbigh, Slater, Fanning, McKinnon, Sparks, Moses, Fanning, McKinnon, Pettigrew, D'Arcy and Goad. Wanderers, senior—Oester, Thornberry, Pease, Usher, Haines, Parfitt, Sykes, Hood, Douglas, G. Douglas, Hopeful, Harrison, King, De Blaquiere and Golby.

Wanderers, intermediate—Kills, Haywood, Denbigh, Slater, Fanning, McKinnon, Sparks, Moses, Fanning, McKinnon, Pettigrew, D'Arcy and Goad. Wanderers, senior—Oester, Thornberry, Pease, Usher, Haines, Parfitt, Sykes, Hood, Douglas, G. Douglas, Hopeful, Harrison, King, De Blaquiere and Golby.

Wanderers, intermediate—Kills, Haywood, Denbigh, Slater, Fanning, McKinnon, Sparks, Moses, Fanning, McKinnon, Pettigrew, D'Arcy and Goad. Wanderers, senior—Oester, Thornberry, Pease, Usher, Haines, Parfitt, Sykes, Hood, Douglas, G. Douglas, Hopeful, Harrison, King, De Blaquiere and Golby.

Farm Board Likely To Stay Out of New Wheat, Legge Asserts

Washington, Jan. 23.—Unless a national emergency threatens either the wheat or cotton crop of 1931, the Farm Board will remain out of the market, Chairman Legge said today.

He added he hoped there would be no emergency that would require the stabilization corporation to aid either crop.

Legge declared that if an emergency should arise "the inference is the Board will act."

He said the Board had reached no decision, however, as to whether it would go into the market. He cited the action of the Board in 1929, when he said it went into the market purposefully, but added that in 1930, when he said it had intended to stay out of the market, it was forced in because of a crop disaster.

The Board's present stabilization operations end in May or June, as these are the old crop months.

"We are not doing anything in wheat beyond May," Mr. Legge said. "We may have some June contracts, but we are not operating in the new crop months. However, it is too soon yet to know what may happen next year. The last time we remained out of the market from July to November, when the Russians came along and kicked the slots out of the market. I hope we will not have to go into the market in the new crop year."

Broomhall reports Australian shipments this week at 3,738,000 bushels, of which 1,920,000 are to non-Europe. Over half the Australian shipments since December 1 have gone to non-Europe.

Chicago, Jan. 23.—Asserting that the Federal Farm Board favors regulations of wheat transactions made for purely speculative purposes, Chairman Legge said that prohibition of short selling is not possible any more than prohibition of liquor is possible.

Broomhall reports it is feared that new wheat in the central shipments of the Argentine will sprout, owing to the continued wet weather. Further general rains were reported last night and cutting in the south is again delayed. Country roads are almost impassable and exports so far are only half of a year ago.

WINNIPEG

(By Logan & Bryan)

Winnipeg, Jan. 23.—Wheat: Wheat market continued a dull, featureless affair again to-day with just a local trade passing.

Prices during the first part of the day advanced 1/4c over the previous close but later dropped under the previous close. Coarser grades were decidedly weak and took the edge off wheat, although the selling pressure was not heavy at any time.

Prices went to the daily bids and the support was sufficient to check further declines. There was just a small scattered export business worked overnight, estimated at 300,000 bushels, but the business on Thursday was said to total 1,500,000 bushels, some bushels coming in during the afternoon.

The local demand for cash wheat was very quiet and spreads were unchanged. Flour sales reported as showing a slight improvement in the wheat trade. There was very small. Flour crop in Argentina reported to be suffering in quality from the unsettled weather.

Liverpool due 1/4c to 1/2c lower based on Winnipeg.

The first step towards Independence

Independence is worth striving for. Go for it—Open a Savings Account.

It may seem a small beginning. Yet your savings are a definite, constructive step towards the accumulation of an estate.

This Bank is glad to encourage the beginning of savings that mark the way to future independence.

J. H. D. Benson, Manager

PACKARD MOTOR YEAR'S EARNINGS RUN \$9,000,000

Detroit, Jan. 23.—In response to an inquiry about 1930 financial results, Alvan Macaulay, president of Packard Motor Car Company, said: "Preliminary figures from our auditors indicate that we have earned in 1930 at least \$9,000,000. The company, furthermore, set aside \$250,000 each month in 1930 in contingency reserve, part of which was used during the year, but net balance in the reserve account at the close of 1930 will stand at \$2,000,000, or better, against \$800,000 at the close of 1929. This indicated increase of \$1,200,000 in the reserve account, if added to net earnings, would bring total net profit above \$10,000,000. Cash and government bonds and other marketable

securities as of December 31, 1930, totaled approximately \$14,800,000, against \$17,910,561, for similar items on December 31, 1929. Inventory position, which stood at \$13,824,227 at the close of 1929, has been reduced materially, but definite figures are not yet available. Net earnings of \$9,000,000 are equal to 60 cents a share, the current dividend rate on 15,000,000 outstanding shares capitalization."

RISKS, NOT RATES, NOW RULE CREDIT

New York, Jan. 23.—With large offerings being made at low rates, movement of paper is governed in the present market not so much by rates as by credit risks involved. Best names are quoted 3-1/2 to 3-3/4 per cent, although there have been some offerings of short maturities at 2-1/4 per cent. Market for secondary names is almost non-existent.

VANCOUVER ISLAND COACH LINES LTD.

"We Cover the Island"

"All Our Routes Are Scenic"

BUS Versus PRIVATE CAR

Statistics have proved that the average cost per mile of a bus ride is only about one-third of the operating cost per mile of a privately-owned car. This information should therefore be given serious consideration by all motorists. Bus transportation provides the latest features in modern travel. With economical fares, convenient schedules, good equipment and heated waiting-rooms at suitable points, all patrons of bus transportation are assured of the utmost in service at a minimum of cost. In addition every passenger is immediately heavily insured against all accidents as soon as he boards one of our coaches. Therefore, why not leave your car in the garage and travel the modern way, thus saving yourself the worry of trying driving conditions, danger of accidents, finding a parking space, and the hundred and one things that make driving hard work rather than a pleasure. Let us take the risk.

WE OPERATE ON THE FOLLOWING ROUTES:

CIGARETTES GAIN DESPITE HARD TIMES

New York, Jan. 23.—The cigarette business so far is apparently immune to hard times. December cigarette production in this country increased 413,372,688 over a year ago to 8,675,331,428. This is at the rate of 279,549,400 cigarettes a day, or more than two for every man, woman and child in the country. Efficient and persistent advertising is given as the cause of cigarette consumption, not only holding its own, but increasing in a period of depression. Cigar production, however, dropped in December, being off 74,602,230 to 309,877,677. Manufactured snuff was off 14,130 pounds to 3,945,869, and raw tobacco up 1,688,675 pounds to 25,769,197.

Gold Is Now Magic Word In Mining Circles

There is a good feeling surrounding mining stocks, all influenced by the active growth of the big producers and the growing popularity surrounding the magic word of "gold." There are new deals, new promotions, new funds and new news to what the appetite. Hollinger Consolidated directors held a meeting in Toronto, to discuss things in general, one reported item being a report on the new high-grade ore body that was recently located in diamond drilling from underground. It was this important development that obviously swung heavy buying into the stock to make it rise. While last weekend Noah A. Timmins, president of Hollinger Consolidated, made a very significant statement when confronted with a northern report that The Telegram gave space to, the Holly president this morning made the following statement to the writer: "Yes, very exceptional ore values have been found at depth. It runs quite high. While as yet in small veins, it is too early to say how important it will be." Queried as to the conditions under which this high-grade ore has been indicated, Mr. Timmins admitted it was outside the porphyry.

New B.C. Companies Get Incorporation

New companies granted incorporation at the Parliament Buildings to carry on business in British Columbia are: Motor Motors (Duncan) Ltd., \$20,000, Duncan.
British Columbia Equipment Company Ltd., \$500,000, Vancouver; machinery and logging supplies.
Commodity Dams Ltd., \$75,000, Vancouver.
Gas Development (B.C.) Ltd., \$50,000, Vancouver.

Extraprovincial companies licensed to do business in British Columbia were as follows: Aluminum Goods Ltd., of Toronto and Vancouver; Mark Fisher Realities and Investments Ltd., Montreal and Vancouver; and the Northern Elevator Company Ltd., Winnipeg and Dawson Creek, B.C.

MAKES ALL TIRES FOR MONTY WARD

New York, Jan. 23.—United States Rubber will now make all Montgomery Ward tires through acquisition of the controlling interest in Samson Tire and Gilette Rubber.

NEW CONSTRUCTION

New York, Jan. 23.—Contracts awarded for new construction in thirty-seven states east of the Rockies from January 1 to January 16, totaled \$122,080,700, F. W. Dodge Corporation reported to-day. This is \$2,390,000 per business day, compared with \$9,593,000 at this time last year.

N.Y. Market Gossip

Bank of England made no change in its discount rate of 3 per cent.
St. Louis Southwestern, second week of January, gross \$776,400, versus \$888,401 for same period of 1930; from January 1, gross \$555,600, versus \$635,000.
Consolidation of eastern roads will make for more economical operation, but probably will not result in lower freight rates, says General Atterbury, Pennsylvania president, adding that the road will declare equal quarterly dividend of \$1 for present quarter.
Tobacco Products Export Corporation declared initial cash dividend of 10 cents, payable March 6, record February 20.

WOMAN SAYS IT'S ALMOST A MIRACLE

From a Scrawny Woman She Changed Into One With Outstanding Physical Attractiveness in a Few Weeks

Worrying because you are skinny and need more solid, stay-the-flesh help, you may find that you haven't ambition enough to help yourself—no one else will.
The safe, swift way for thin, underweight women to acquire a figure that wins admiration is to take McCoy's Cod Liver Extract Tablets as directed.
Rich in vitalizing weight building substance from Codfish Livers, these sugar coated tablets are Nature's own body builder. Sixty tablets for 40 cents at any drugstore—anywhere—if you don't gain 5 pounds in 28 days—money back—Just ask McCoy's. (Adv.)
